## Exclusive Auto Detect & Smart Charging Technology

TP-LINK Smart Charging technology that intelligently identifies the connected devices, no matter smartphone, tablet or other USB-charged device, and automatically delivers the fastest possible charge to maximize the compatibility.

## 1.65X Fast Charging Compared with Your Original Charger

Charge 65% faster, save up to 40% charging time. Fully charging iPhone6s Plus takes 150 mins with CP250 Smart Port while it takes 250 mins with an original Apple charger.

## Intelligent circuit design

CP250 has a sophisticated circuit design with Multiple protections against over-heat, over-current, over-charging and short circuit.

# Features

## Universal Compatibility

Compatible with smart devices running iOS, Android, Windows and most other USB-charged devices, such as GPS Navigator, Car Vacuum Cleaner, Car Air Humidifier, Car Air Purifier and Event Data Recorder. Besides, CP250 fully support and applicable to most of the current car models either in hardware or software compatibility.

## Considerate design

An unique crown design design ensures users insert USB plug in the right direction and connect in the most convenient way. A dimmed LED indicator help visualize the connection status and does not distract you while driving.

## All in One

CP250 not only comprises of dual 2.4A USB ports for charging your e-devices but also provides 3 additional 12-24V Cigarette Lighter Power Adapters for further expansion.
