

Smart Wi-Fi LED Bulb

With Color-Changing Hue

LB230

Smart Home

Color Changeable

No Hub Required

Energy Saving

Kasa for Mobile

Highlights

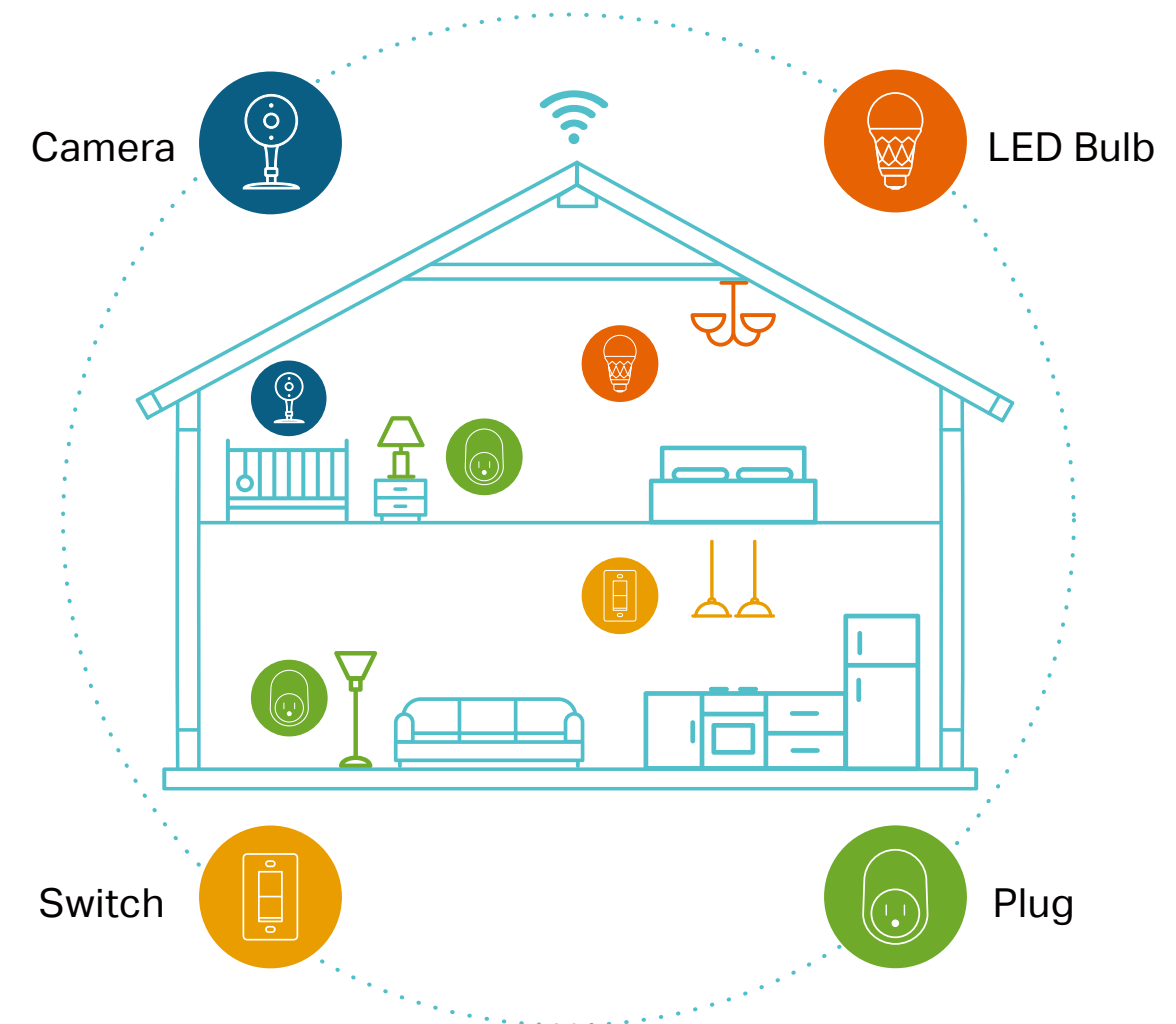

Intelligent Lighting. Controlled from Anywhere.

Adjust brightness, track energy consumption, set schedules and timers and set an alarm that wakes you naturally by simulating the sunrise. Group lights together to control your smart bulbs more easily and create your own scenes.

Your Home. One App.

The LB230 is part of the Kasa smart home family of products, including plugs, switches, cameras and more. You can easily control multiple smart home devices with the Kasa app or use your voice for added convenience.

Highlights

Colors for Every Occasion

Switch between a whole palette of colors to suit your mood and adjust brightness and light appearance from soft whites to bright daylight.

Energy Saving

Reduce power usage without compromising on light quality. The LB230 produces 1000 lumens while only using 13W.

Features

Ease of Use

- No Extra Hardware Required – Convenient smart bulbs with no extra hardware required
- Anywhere and Anytime – Easy setup and control from anywhere with the free Kasa app
- Schedule Your Light – Set schedules to turn on/off the smart bulbs at any chosen time for your convenience
- Set the Scene – Save your light settings as different scenes to enjoy instant access to them

Compatibility

- Works with Amazon Alexa – You can pair the smart bulbs with Amazon Echo, Dot and Tap for voice control.
- Works with Google Assistant – You can pair the smart bulbs with Google Assistant for voice control.
- Compatible with Android, iOS – The free Kasa app lets you run smart bulbs from any Android (4.1 and higher) or iOS (iOS 9 and higher) devices.

Lighting

- Colors for different occasion – Change colors to suit your mood and adjust brightness and light appearance from soft whites to bright daylight
- Durable Bulb – Provide you stable and customized lighting for up to 22.8 years*

*Based on 3hrs/day
