**For Mac OS X**

1. **Connect to a Computer**
   - **Option 1:** Directly
   - **Option 2:** Via TP-Link Utility
   - **Option 3:** Via Wi-Fi Protected Setup (WPS)

   a. Download the driver and utility from this product’s Support page at [www.tp-link.com](http://www.tp-link.com).
   b. Unzip the downloaded folder and run the Installer.pkg.
   c. Follow the instructions to complete the installation.

2. **Install Driver and Utility**
   - **Option 1:** Directly
   - **Option 2:** Via USB Extension Cable
   - a. Press the WPS button on your router.
   - b. Within 2 minutes, press and hold the WPS button on the adapter until the WPS progress window appears.
   - c. When the "PBC-Get PBC profile successfully" message appears, it is complete.

3. **Join a Wireless Network**
   - **Option 1:** Via TP-Link Utility
   - a. Select the Site Survey tab of the pop-up utility window.
   - b. Select your Wi-Fi network and click CONNECT. The connection status can be viewed on the Link Status screen.
   - c. Download the driver and utility from this product’s Support page at [www.tp-link.com](http://www.tp-link.com).
   - Note:
     - If your computer has a CD drive, you can also run the included CD to install the driver and utility.
     - Unzip the downloaded folder and run the Installer.pkg.
     - Follow the instructions to complete the installation.

---

**Quick Installation Guide**

1. Connect to a Computer
2. Install Driver and Utility
3. Join a Wireless Network
1 Connect to a Computer

Option 1: Directly

Option 2: Via Windows Wireless Utility
a. Click the network icon on the taskbar.
b. Select your Wi-Fi network, click Connect and enter the password when prompted.

Option 2: Via WPS Tool
a. Press the WPS button on your router.
b. Within 2 minutes, press and hold the WPS button on the adapter until WPS Tool opens.

c. When the “Success!” message appears, your computer is connected to Wi-Fi.

For detailed instructions, please refer to the User Manual from this product’s Support page at www.tp-link.com.

For technical support and other information, please visit http://www.tp-link.com/support, or simply scan the QR code.
