Household Wi-Fi at Streaming Speeds

Press play and forget about buffering with the Archer C6. Thanks to high-speed dual Wi-Fi bands, you can run more of your devices at the same time without interruption. The strong 2.4GHz (300Mbps) Wi-Fi band is perfect for sending emails, browsing the web, and listening to music. The crystal 5GHz Wi-Fi band reaches 867Mbps so you can game online and stream in HD simultaneously.

Beamforming for Better Coverage

Beamforming technology detects the location of your connected devices and concentrates the Archer C6’s Wi-Fi towards them to create stronger overall connections.
