# Kasa Smart Wi-Fi Power Outlet

KP200

| Individual Control | Voice Control | Easy Install | Scheduling | No Hub Required |

Highlights

Connect in a Smart Way

Replace your traditional in-wall outlet with the Kasa smart power outlet. Set schedules and turn devices on or off with your smartphone or voice assistant. Ideal for controlling lamps, kitchen appliances, and other devices from anywhere.
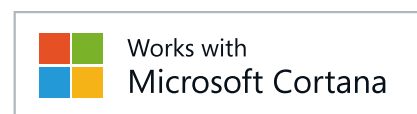

Schedules

Set schedules with the Kasa Smart app to automatically turn your smart outlets on or off while you're away.
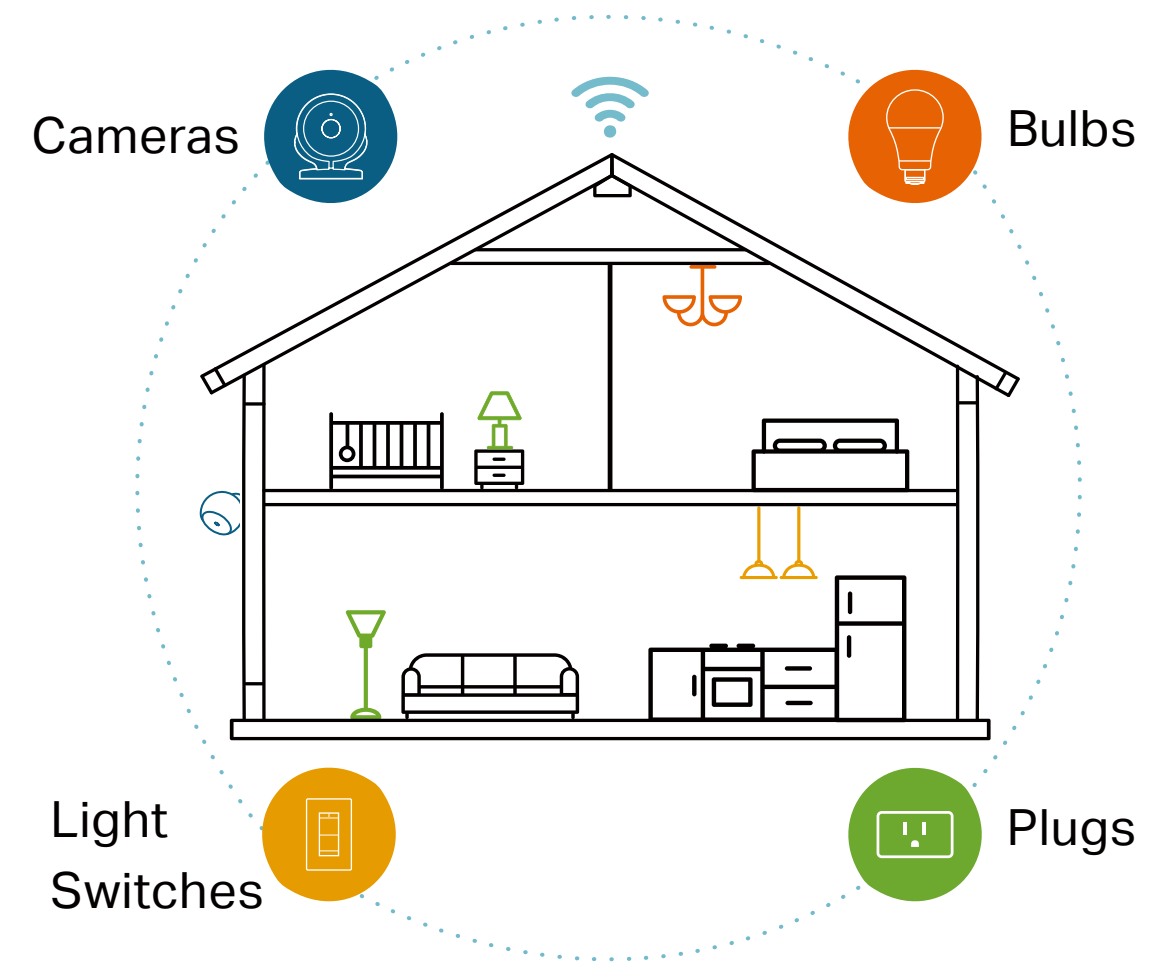

Hightlights

Hands-free Voice Control

Connect your devices with simple voice command and an Amazon Alexa,
 Google Assistant or Microsoft Cortana.

Your Home. One App.

With the Kasa Smart app, you can easily access and control smart plugs, cameras,
 light switches, bulbs and more. Checking in on your home is only a few taps away.

Features

Easy to Install

· Guided Installation – Kasa app provides step-by-step instructions to help replace your existing in-wall outlets and set up your new smart outlet.

· No Hub Required – Connects to your existing Wi-Fi router. No hub or accessories required.

Ease of Use

· 2 Individual Outlets – Individually control each outlet and take up less space than smart plugs.

· Remote Control – Individually control smart outlets from anywhere with the free Kasa app.

· Scheduling – Set a schedule to automatically turn devices on and off throughout the day or night while you're home or away.

Compatibility

· Works with Voice Assistants – Control devices using the leading voice assistants such as Amazon Alexa, Google Assistant, and Microsoft Cortana.

· Works with IFTTT– Set interactions between a wide array of devices, software, and services using IFTTT.

· Compatible with Android, iOS – The free Kasa app lets you run smart outlet from any Android (4.4 and higher) or iOS (iOS 10 and higher) devices.
