Highlights

Long Wi-Fi Range

An outdoor plug needs a strong Wi-Fi signal and the Kasa Smart Wi-Fi Outdoor Plug has one of the strongest. With a built-in power amplifier for long range Wi-Fi, the outdoor plug has a reach of up to 300 ft. in open space.

Control with a Single Tap

Use the Grouping feature on the Kasa Smart app to combine your indoor and outdoor devices together for unified control with one single tap on your smartphone. Combine your living room bulbs with the patio lights connected to your outdoor plug and light up your home for a memorable dinner party.

Highlights

Made for the Outdoors

The Kasa Smart Wi-Fi Outdoor Plug has an IP64 rating that ensures your device is protected from dust and splashes of water from any direction. When not in use, the sockets should remain capped with the included weather-resistant cover.

Control Even with Your Hands Full

Enjoying a barbecue outdoors and have your hands full of condiments or food? Just use a simple voice command with your outdoor plug and Alexa or Google Assistant to control your stereo. Even turn outdoor lights on or off from the comfort of your couch with a simple command.

Features

Long Wi-Fi Range

The smart outdoor plug works with a secured 2.4 GHz Wi-Fi network without the need for a separate hub and features a built-in power amplifier for long range Wi-Fi with a reach of up to 300 ft.

Easy Setup

Be up and running with your new smart plug in less than 5 minutes! Plug in the weather-resistant plug, follow the setup instructions on the Kasa Smart app, name your plug, and you're good to go!

Device Grouping

Group your Kasa Smart light bulbs, plugs and switches for seamless control. Ideal for controlling all your devices simultaneously with a single tap.

Control From Anywhere

Power your outdoor smart plug on or off, set schedules or scenes from anywhere with your smartphone using the Kasa Smart app. Remotely turn your seasonal lights on while you're at the office or away from home.

Individual Control

Control 2 outdoor devices from anywhere together or individually, with one smart plug. Ideal for landscape lighting, swimming pool pumps, holiday lights, or other appliances.

Voice Control

Use simple voice commands with your smart plug and Alexa or Google Assistant. You can give each outlet a unique name and use them separately. Ask your voice assistant to turn your stereo on and get the pool party started.

IP64 Rated & Fire Retardant

The outdoor plug has an IP64 rating that ensures your device will be protected against entry of dust, splashes of water, and fire.

*When not in use, the sockets should remain capped with the included weather-resistant cover.

ETL Certified

ETL certified to provide peace of mind that quality and safety are standards we strive for.

Specifications

Working Status

- Input: 125V~, 60Hz, 15A
- Output: 15A maximum load in total
- Maximum Power: 1.875 KW
- Weatherproof Rating: IP64

Requirements

- Mobile device running iOS 10 or higher or Android 5.0 or higher
