Highlights

Flexible Control

Control anything a standard light switch controls, like lights, ceiling fans and other fixtures, from anywhere using the Kasa Smart app. Turn fixtures on and off, set schedules, even group them with other Kasa Smart devices.

Easy Install

No need to understand complex wiring, just follow the step-by-step wiring process in the Kasa Smart app for a guided installation. Your Kasa Smart Wi-Fi Light Switch comes with labels, a faceplate and the necessary hardware for your convenience.

Highlights

Your Voice Has Power

Use simple voice commands to control all of your smart light switches or light bulbs with any Alexa, Google Assistant. Turn on kitchen lights when your hands are full, let your voice assistant know to turn off your lights, even turn off hallway lights as you're walking to bed.

Your Home. One App.

The Kasa Smart Wi-Fi Light Switch is part of the Kasa smart home family of devices including plugs, cameras, switches and more. With Kasa, your home is never more than a few taps away.

Features

Ease to Use

- **Anywhere and Anytime** – Control anything connected to your smart light switch, like lights, ceiling fans or other fixtures, from anywhere using the Kasa Smart app.
- **Scheduling** – Set lights to automatically turn on and off throughout the day or night whether you're home or away.
- **Away Mode** – Set your smart light switch to turn connected fixtures on and off at random intervals to give the appearance you're home even while you're away.

Easy to Install

- **Guided Installation** – Kasa app provides step-by-step instructions for wiring your new smart light switch.
- **No Hub Required** – Easily connect directly to your secured home Wi-Fi network.
- **Led Indicator** – With an illuminating LED indicator, you'll always be able to find your smart light switch even when it's dark.

Plays well with Others

- **Hands Free Voice Control** – Control any fixture connected to your smart light switch using your voice with Amazon Alexa, and Google Assistant.
