Features

Superior LG Battery Cell

All rechargeable batteries have a limited lifespan and the available capacity is to diminish in the cold weather. Benefiting from advanced battery technology of superior LG battery cells, Ally series power banks reduce the self-aging helping to maximize the lifespan of power bank, and retain more available capacity in cold season.

Powerful Capacity

TL-PB10400 is equipped with a giant 10400mAh capacity. The powerful capacity working together with high energy efficiency, delivers more power and charges more times for all your devices. A TL-PB10400 carries enough power for most circumstances, even a trip or a family gathering.

Dual Flexible Output Ports

Powered by TP-LINK Smart Charging technology, both output ports of TL-PB10400 can intelligently adjust the charging power subject to the connected devices. These flexible output ports are designed to be capable of delivering ultra fast charging power for devices with large battery like tablets, and also capable of delivering safe and minimal charging power for gadgets with tiny battery like smart wearable devices.

Features

Minimize Charging Time

The less charging time, the more available time you can spare with your devices. Thanks to TP-LINK Smart Charging technology and 5V/2.4A fast charging speed, TL-PB10400 can charge 65% faster and save up to 40% charging time. Fully charging iPhone 6s Plus takes 150mins with TP-LINK Smart Charging, while 250mins with an original Apple charger.*

* Exact charging time may vary subject to actual situation

A Safe and Reliable Power Supply

The power bank is a reliable power bank with superior quality that comes equipped with 6 in 1 complete safety protection against damage caused by short circuit, over-voltage, over-current, over-charge, over-discharge, and over-heating.

Superior Quality

- 1 Superior LG Battery Cell
- 2 Smart IC for TP-LINK Smart Charging
- 3 World Class Chipset for Multiple Protections
- 4 Thermistor for Over Heating Detection
- 5 Flaming Resistant and Durable Housing

Specifications

Basic

Capacity:	10400mAh
Dimensions:	1.7 x 1.7 x 3.5 in. (44.3 x 44.3 x 88.8 mm)
Interface:	1 Micro USB Port 2 USB 2.0 Ports 4 - stage LED indicator for power level or charging status 1 Button to display power level
Input:	5V/2.0A
Output:	Each port max. 5V/2.4A, total max. 5V/3A
Weight:	241g
Compatibility:	Smart devices running iOS, Android, Windows and most other USB-charged devices
Other Feature:	LED Flash Light

Others

Package includes:	- TP-LINK 10400mAh Power Bank TL-PB10400 - Micro USB Cable - User Guide
Environment:	- Operating Temperature: 0°C~35°C (32°F~95°F) - Storage Temperature: -20°C~45°C (-4°F~113°F) - Operating Humidity: ≤95%RH non-condensing - Storage Humidity: ≤75%RH non-condensing

Introduction

With 10400mAh of capacity, TL-PB10400 can charge multiple mobile devices such as smartphones and tablets to keep them running when you're out. Equipped with the Smart Charging Technology that identified your digital devices, and delivers the fastest possible charge for when you need it the most, which is ideal for home use, road trips, long plane flights and other outdoor activities.
