Highlights

Hands-free Voice Control

Connect your devices with the Amazon Alexa, Google Assistant, or SmartThings using simple voice command.

Schedules

Schedule each outlet individually or altogether to turn on or off at set times throughout the day.

Features

3 Smart Outlets

Independently control three smart outlets. Sufficient space between outlets ensures the simultaneous use of multiple devices.

2 USB Ports

Charge your phone, tablet, or any other device using the always-on USB ports.

No Hub Required

Connect to your home's Wi-Fi network. No need for a hub or extra equipment.

Smart Actions

With Smart Actions, your Kasa devices can work together to create a smarter smart home.

Control From Anywhere

Control connected devices from anywhere with the Kasa Smart app.

Voice Control

Use simple voice commands with Alexa and Google Assistant to control your connected devices.

Grouping

Use Grouping to combine your Kasa devices with other Kasa Smart devices for seamless control with one single tap on your smartphone.

Space-Saving Design

The smart power strip's right-angled plug is designed to leave other outlets free and fit perfectly behind furniture and in tight spaces.

Surge Protection

ETL certified surge protection shields sensitive electronics and appliances from sudden power surges.

Set Schedules

Schedule each outlet individually or altogether to turn on or off at set times throughout the day.

Works with SmartThings

Control and manage your Kasa devices with SmartThings.
