

Smart Home Router **SR20**

AC1900 Wi-Fi Router + Smart Home Hub + Touch Screen

7106506505 REV 1.0.0

Connect Your Smart Home with a Smarter Home Network

The SR20 lays the foundation of the Kasa Smart Home solution. It works with the TP-Link Kasa app and Kasa Cloud to connect all your devices into one unified smart home network.

Simple Setup

It starts with the **TP-Link Kasa** app

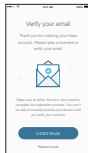

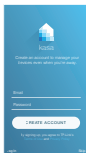

- Download and install

OR
scan QR
code

- Create your **Kasa Account**

Kasa will guide you through 3 simple steps

- 1 Plug in and **Power Up**
- 2 Connect to the **Kasa Cloud**
- 3 Build your **Smart Home Network**
