

AC600 High Power Wireless
Dual Band USB Adapter

For Mac OS X

# 1 Connect to a Computer

Install the antenna and connect the adapter to your computer using the USB cable provided.

# 2 Install Driver and Utility

 a. Download the driver and utility from this product's Support page at www.tp-link.com.

Noto

If your computer has a CD drive, you can also run the included CD to install the driver and utility.

- b. Unzip the downloaded folder and run the Install.pkg.
- c. Follow the instructions to complete the installation.

### 3 Join a Wireless Network

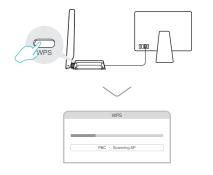

#### Option 1: Via TP-Link Utility

- a. Select **Site Survey** tab of the pop-up utility window.
- Select your Wi-Fi network and click CONNECT. The connection status can be viewed on the Link Status tab.

#### Option 2: Via Wi-Fi Protected Setup (WPS)

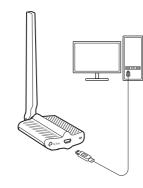

- a. Press the WPS button on your router.
- b. Within 2 minutes, press and hold the WPS button on the adapter until the WPS progress indicator bar appears.

c. When you are prompted "PBC - Get WPS profile successfully", it is complete.

# Connect to a Computer

Install the antenna and connect the adapter to your computer using the USB cable provided.

In Windows XP, a Found New Hardware Wizard window will appear when the adapter is detected. Please click Cancel.

# 2 Install Driver and WPS Tool

a. Insert the CD and run the Autorun.exe.

You can also download the driver from this product's Support page at www.tp-link.com.

b. Select Archer T2UHP and follow the steps to install the driver and WPS Tool.

Note:

If you can't install the driver successfully, disable the antivirus software and firewall, then try again.

### 3 Join a Wireless Network

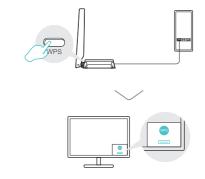

#### Option 1: Via Windows Wireless Utility

- a. Click the network icon (\*\* or \*\*) on the taskbar.
- b. Select your Wi-Fi network, click Connect and enter the password when prompted.

#### Option 2: Via WPS Tool

- a. Press the WPS button on your router.
- b. Within 2 minutes, press and hold the WPS button on the adapter until WPS Tool opens.

c. When the "Success!" message appears, your computer is connected to Wi-Fi.
