4-in-1 Security: Intercom, Monitor, Alarm System, IoT Hub

Smart Video Intercom

Tapo D315KIT

-  8-Inch Color Touch Screen
-  2K Live View
-  Color Night Vision
-  Two-way Audio

See Clearly. Respond Instantly.

Talk to visitors in real time, wherever you are. Get every detail with a sharp 2K live view on the 8-inch display at home, or in the Tapo app while you're away.

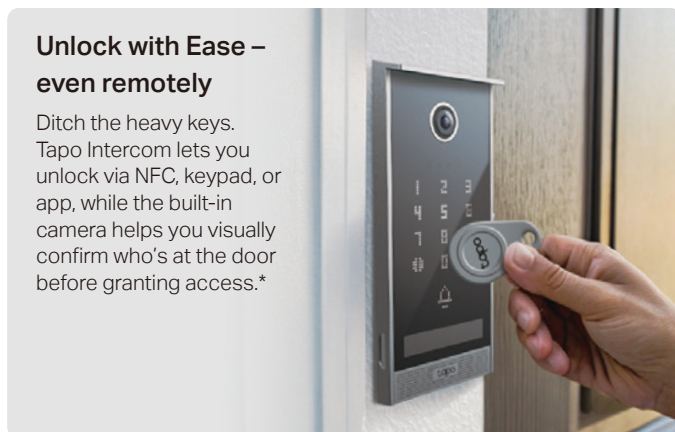

CCTV Monitoring Center

When any unusual activity is detected, the screen will light up with an alarm and you will receive a real-time notification so you're always informed.

Unlock with Ease – even remotely

Ditch the heavy keys. Tapo Intercom lets you unlock via NFC, keypad, or app, while the built-in camera helps you visually confirm who's at the door before granting access.*

Arm & Disarm

Fully integrate your Tapo cameras, doorbells, and sensors for total home control. Secure your house with a tap - via the screen or the Tapo app.

Smart Video Doorbell

Tapo D235

-  10,000mAh Battery Powered, or Wired
-  2K 5MP Live View
-  Head-to-Toe View with 180° DFOV
-  Free Person/Vehicle/Pet/Package Detection and Notification
-  Color Night Vision with Spotlights
-  IP66 Water and Dust Resistance

*The design of the NFC card is under development and for reference only.

Make Your Existing Traditional Lock Smart

Smart Wi-Fi Fingerprint Lock | Retrofit

Tapo DL210 KIT

-  Keep Your Existing Door Lock & Keys
-  App Control Wi-Fi or Bluetooth
-  Fingerprint Recognition
-  Auto Lock with Door Sensor

No Disassembly Needed, Just Stick It On

Just mount the indoor unit by fixing the bracket, inserting the key, and aligning the body — then stick the outdoor unit onto any suitable wall with flexible placement.

Multiple Ways to Unlock

Unlock your way – with fingerprint, PIN code, NFC card, remote Wi-Fi access, or local Bluetooth.

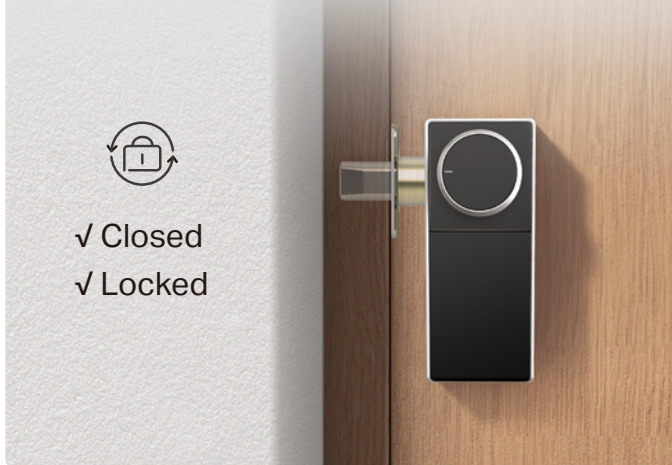

Long-Lasting Power

The 6700mAh rechargeable indoor battery (at 3.6V) ensures reliable performance per charge. The outdoor unit uses two CR123A batteries, lasting up to a year and easy to replace.

Auto Lock with Door Sensor

The built-in sensor detects door status, auto-locks when fully closed, and alerts you if it's not properly shut.
