

# TP-Link provides Networking and Monitoring Solutions for Hotel in Da Nang

## ▼ BACKGROUND

Whether you are looking to spend a few nights in Danang to explore one of Vietnam's most enchanting cities ~ Danang and its nearby areas, i.e. Hue and Hoi An, or looking for a long-term accommodation with clean environment, Hadana Boutique Hotel is an ideal choice for your needs.

## ▼ END-CUSTOMER GENERAL PROFILE

**Name:** Hadana Boutique Hotel (5-star)

**Industry:** Hospitality

**Capacity:** 26 rooms

**Location:** Pham Van Dong St, Son Tra, Da Nang, Vietnam

## ▼ CHALLENGE

Hadana Boutique Hotel's network and surveillance camera system is old and outdated, unable to meet the needs of customers at the present time. In addition to accommodation services, Hadana Boutique Hotel also provides many other types of resorts and entertainment such as dining, spa, events... so it needs a modern network and surveillance camera system that is easy to use and set up, easy to repair and fix when problems occur.

## ▼ Used Products:

- 26x VIGI C250 Camera Dome
- 6 VIGI C350 Camera Bullet
- 32x Omada EAP230-Wall AP
