

Omada Wi-Fi 7 Access Points

Beyond Fast, Built for Business.

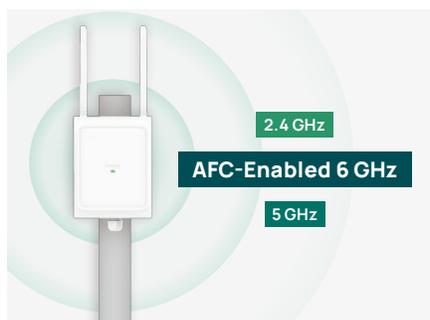

Key Advantage of Omada Wi-Fi 7 Access Points

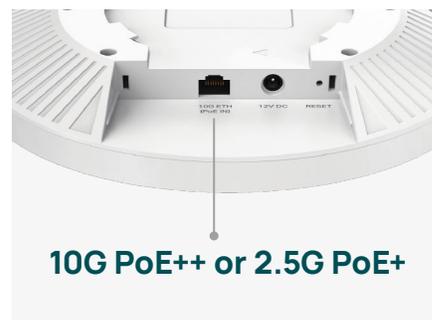

Dedicated RF Scanning

Provides real-time situational awareness to mitigate RF interference and neutralize security threats, without impacting network performance.

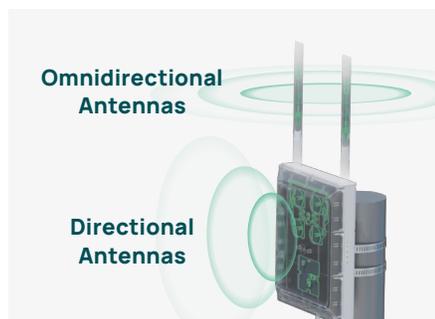

AFC-Enabled 6 GHz

AFC unlocks 6 GHz for outdoor use and maximizes indoor transmit power, enabling superior range and coverage anywhere.

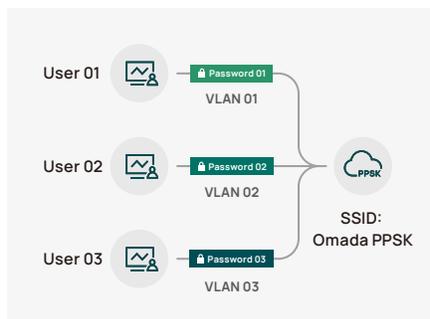

10G/2.5G Ports with Flexible PoE

Featuring options for 10G or 2.5G uplink ports, delivers multi-gigabit performance for higher bandwidth and faster Wi-Fi. Full PoE compatibility ensures flexible deployment.

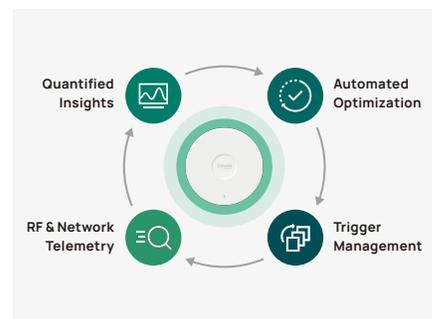

Switchable Omni/Directional Antennas

Dynamically adapt to any deployment scenario, effortlessly switching via software between omni coverage for wide areas and a directional beam for extended range.

Full-Spectrum PPSK Security

Delivers granular PPSK authentication across 2.4, 5, and 6 GHz bands. Assigns unique passwords to steer devices to the correct VLAN, ensuring robust security.

AI-RRM

Autonomously optimizes radio configurations to resolve congestion and signal overlap, maximizing network efficiency and capacity.

Full Wi-Fi 7 Product Portfolio for Indoor and Outdoor Environments

Ceiling Mount Access Points

EAP787

- Wi-Fi Speeds up to 15 Gbps
- Tri-Band 8-Stream
- Dedicated RF Scanning
- AFC-Enabled 6 GHz*
- 1× 10G/2.5G Port
- 802.3bt/at PoE

EAP773

- Wi-Fi Speeds up to 11 Gbps
- Tri-Band 6-Stream
- AFC-Enabled 6 GHz*
- 1× 10G/2.5G Port
- 802.3at PoE

EAP772

- Wi-Fi Speeds up to 11 Gbps
- Tri-Band 6-Stream
- AFC-Enabled 6 GHz
- 1× 2.5G Port
- 802.3at PoE

EAP723

- Wi-Fi Speeds up to 5 Gbps
- Dual-Band 4-Stream
- 1× 2.5G Port
- 802.3at PoE

Outdoor Access Points

EAP775-Outdoor

- Wi-Fi Speeds up to 11 Gbps
- Tri-Band 6-Stream
- Switchable Omni/Directional Antennas
- AFC-Enabled 6 GHz
- IP68 Waterproof
- 1× 2.5G Port
- 802.3at PoE

EAP725-Outdoor

- Wi-Fi Speeds up to 5 Gbps
- Dual-Band 4-Stream
- Switchable Omni/Directional Antennas
- IP66 Waterproof
- 1× 2.5G Port
- 802.3at PoE

Wall Plate Access Points

EAP775-Wall

- Wi-Fi Speeds up to 11 Gbps
- Tri-Band 6-Stream
- Additional Paintable Cover
- 2× 2.5G Ports + 3× Gigabit Ports
- 802.3bt/at PoE
- PoE Out

EAP725-Wall V2

- Wi-Fi Speeds up to 5 Gbps
- Dual-Band 4-Stream
- 2× 2.5G Ports + 3× Gigabit Ports
- 802.3bt/at PoE
- PoE Out
