Introducing Omada Fusion 2.5G Gateway

Simplified Deployment. Zero Cloud Fees. Higher Profits.

Meet the Omada Fusion 2.5G Gateway — the latest revolution for **installers and business owners**. Featuring a built-in controller, it delivers license-free cloud management. Combined with fast, simplified deployment, it cuts installation hours, reduces repeat on-site visits through touchscreen-based troubleshooting, and drives higher profits with lower labor costs and smoother project delivery.

- **Free Multi-Site Cloud Management**
- **Easy Setup and Fast Deployment for Higher Profits**
- **Enterprise-Grade Performance, Always-On Connectivity**
- **Quick Troubleshooting, Less On-Site Work**

Small Chain Stores
Fast to deploy, secure for POS transactions, and optimize multi-site operational costs with centralized cloud management.

Small Restaurants
Easy to set up, simple to manage, and backed by license-free cloud control with no monthly fees.

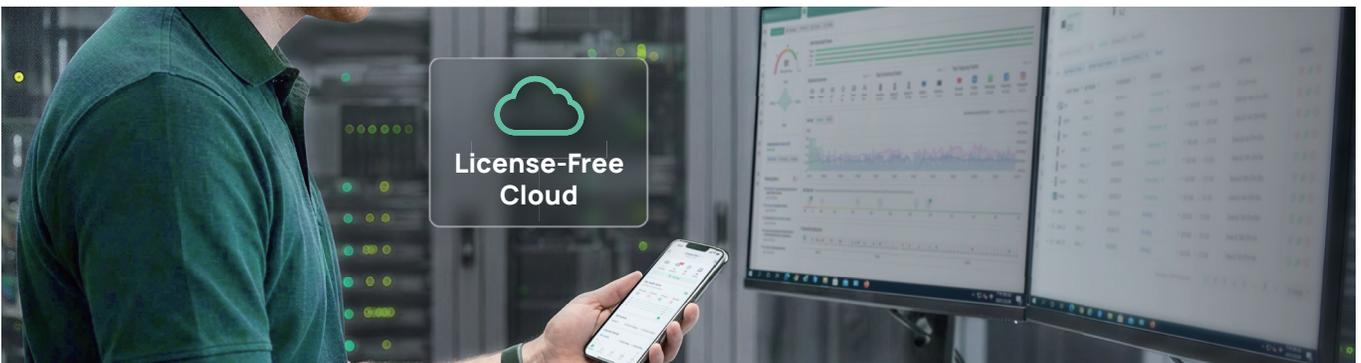

Small Offices
Simplifies deployment, secures cross-site collaboration with no cloud fees and lowers IT costs through intelligent management.
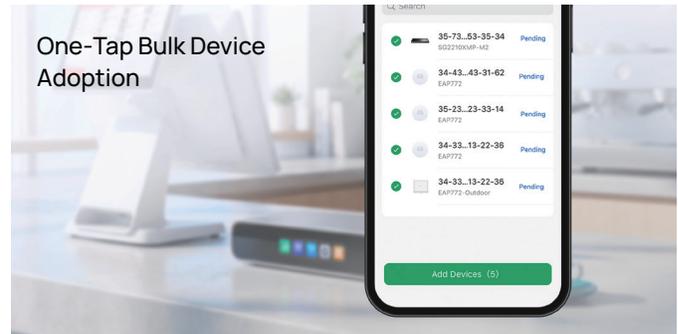

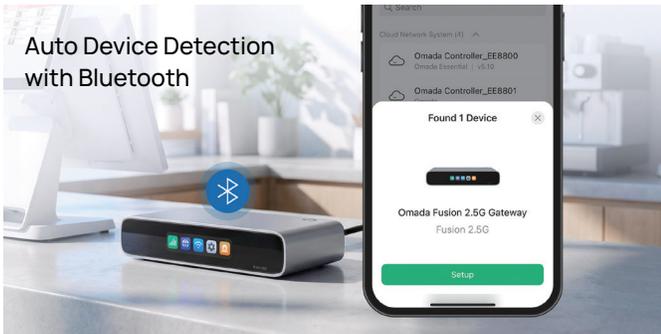

License-Free Cloud Management, Lower Ongoing Costs

- Bulit-in Controller, No Extra Licensing
- Centralized Multi-Site Management
- Remote Cloud Control via Web/App

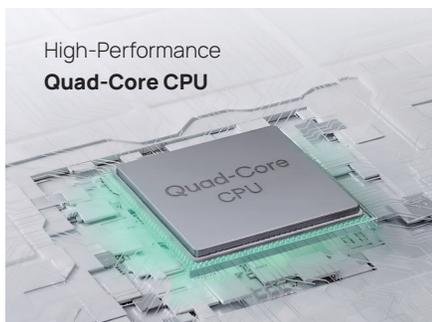

License-Free Cloud

# Super-Easy Setup for Fast Deployment, Boosting Efficiency

Easily set up the Fusion Gateway via Bluetooth using the Omada App. Automatically discover and batch adopt all other Omada networking devices at once, saving time and simplifying IT deployment.

Auto Device Detection with Bluetooth

One-Tap Bulk Device Adoption

Enterprise-Grade Performance for Fast and Reliable Operations

High-Performance **Quad-Core CPU**

Five 2.5G Ports for Ultra-Fast Connectivity

Ultra-Compact Design for Space-Limited Workstations

5.12 in
1.18 in
6.30 in

Quick Troubleshooting via Touchscreen, Reducing On-Site Work

- Instant Diagnosis with **Health Score**
- One-Tap **Speed Test**
- Intelligent **Fault Alerts** at a Glance
- Real-Time **Traffic** Insights

Advanced Software Capabilities for Secure and Intelligent Management

- ✓ Secure remote access — one-click away with Omada Lightlink VPN
- ✓ 1.9 Gbps IPS/IDS with app-based ACL — powerful protection, easy to manage
- ✓ One-click Auto QoS with preset or custom options ensures priority for critical traffic
- ✓ Full-mesh SD-WAN in minutes — simpler to deploy, smoother multi-site networking
