

Release Note

Version Info:

1. **Firmware Version:** 1.0.0 Build 20250710 Rel.71093
2. **Applied Model:**
 - a) TL-SG108E(UN) v6.0
 - b) TL-SG108E(UN) v6.6
 - c) TL-SG108E(UN) v6.40
 - d) TL-SG108E(UN) v6.46
3. Your device's configuration will be retained after the upgrade, but it is still recommended to back up the configuration before the upgrade.

New Features / Enhancements

1. Modified the validation rules for Device Description. Only letters, numbers, and hyphens ("-") are allowed, and a hyphen cannot be used as the first or last character.
2. Enhanced the security protection of the web management interface against clickjacking attacks.
