Meet Your Contact Sensor

Know when doors/windows are opened or closed. Receive instant alerts via the Tapo app.

Before You Start

A Tapo Hub is required. Make sure your Tapo Hub is successfully added via the Tapo app.

OR

Remove the battery insulation tab to power up your sensor. The LED should begin to blink. Note: If the LED is not blinking, refer to the reverse side for reset instructions.

1. Power Up Your Sensor

Remove the battery insulation tab to power up your sensor. The LED should begin to blink. Note: If the LED is not blinking, refer to the reverse side for reset instructions.

2. Set Up Your Sensor

Open the Tapo app, tap the button in the app, and select your model. Follow the app instructions to complete setup.

3. Test Your Sensor

a. Open and close the sensor to test it in your preferred location.

b. Check the Event Log on the Tapo app to confirm the open/closed status.

Quick Start Guide
Smart Contact Sensor

Setup Video
Scan QR code or visit https://www.tp-link.com/support/setup-video/#smart-sensors
4 Mount Your Sensor

a. Stick the included adhesives on the sensor and magnet.

b. Choose where you'd like to install the sensor (but don't attach it yet). Place the magnet near the edge of the door or window that moves.

c. Align the magnet and sensor with no more than 0.59 inches (15 mm) between them when the door or window is closed. Peel the backing from the adhesive and press the sensor and magnet into place.

Notes:
· Leave at least 0.39 inches (10 mm) of space so you can open the battery compartment.
· Installation height should not be higher than 6.56 ft (2 m).

8 How to reset your sensor to enter pairing mode

a. Slide to remove the cover of your sensor.

b. Use a pin to press and hold the Reset button for 5 seconds until the front LED starts blinking.

If you have mounted your sensor to a door or a window, remove the cover as shown below:

8 How to replace the battery

a. Remove the cover of your sensor and use a screwdriver to open the battery cover.

b. Replace the battery with a fresh cell.
