Let's get started with your new smart plug.

STEP 1

DOWNLOAD KASA

Get the **Kasa Smart app** from the App Store or Google Play.

STEP 2

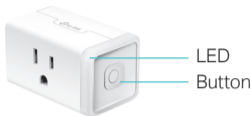

PLUG IN & SET UP

Plug in your smart plug. Tap the ⊕ button in the app and select your model (**Bluetooth Setup**). Follow the instructions in the Kasa Smart app to complete setup.

*Image may differ from actual product.

Appearance

LED Indications

Blinking orange & blue slowly	Ready for setup.
Solid blue	Connected to Cloud.
Solid orange	Disconnected from Wi-Fi; Disconnected from Cloud.
Blinking blue slowly	Resetting Wi-Fi; Firmware updating.
Blinking blue quickly	Restoring to factory default settings.

Reset Button

- Press **once** to turn the plug ON or OFF.
- Press and hold the button on the plug for about **5s** to reset your Wi-Fi while keeping other settings.
- Press and hold the button on the plug for about **10s** to restore your plug to factory default settings.

Third-Party Services

Kasa works with Alexa, Google Assistant and other third-party services to control your smart plug by voice. Go to **Me > Third-Party Services** in the Kasa Smart app to integrate Third-Party Services.
