Test Your Button

preferred location.

a. Press the button to test it in your

b. Refresh the home page on the

7106510944 REV1.2.0 Images may differ from actual products.

Before You Start

A Tapo Hub is required. Make sure your Tapo Hub is successfully added via the Tapo app.

1 Power Up Your Button

Remove the battery insulation tab to power up your button. The LED should blink.

Note: If the LED is not blinking, refer to the reverse side for reset instructions.

2 Set Up Your Button

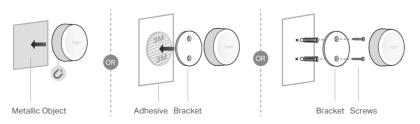

Open the Tapo app and tap the \oplus button. Select **Switches/Buttons** and then your model. Follow the app instructions to complete setup.

4 Secure Your Button (Optional)

Magnetically attach the button to metallic objects. Alternatively, you can attach the button to the provided bracket with either adhesive or screws.

How to Work with Alexa

Tapo works with Alexa to control your smart device by voice. You can choose one of the following methods to enjoy it.

Option 1:

In the Tapo app, go to Me > Third-Party Services > Amazon Alexa > Tapo Skill to set up.

Option 2:

In the Amazon Alexa app, go to More > Skills & Games and search for Tapo to enable it.

How to Use Your Button

Tap or rotate to control lights and appliances with custom Smart Actions.

Note: When using the button to control your devices, please ensure that there are no contradictory actions. For example, avoid having "single tap to turn on the light" and "single tap to turn off the light" as conflicting actions.

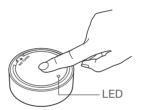

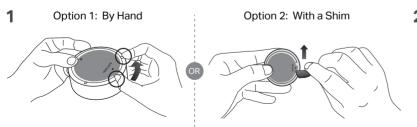

Rotate

How to Reset Your Button

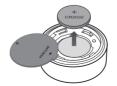

- a Press and hold the button for 5s The LFD will turn solid on for 10s
- b. Quickly press the button 3 times while the LFD is solid on.
- c. The LED should start to blink.
