### Tip:

To remove the EAP from the mounting bracket, insert a paper clip in the Security Slot to release the Locking Tab and rotate the EAP until it is detached from the mounting bracket, as shown below.

# Power On

## Option 1: Via PoE Switch (For EAP115 / EAP225 / EAP223)

## Option 2: Via PoE Adapter (For EAP110 / EAP225 / EAP223)

## Option 3: Via Power Adapter (For EAP115)

# Configuration

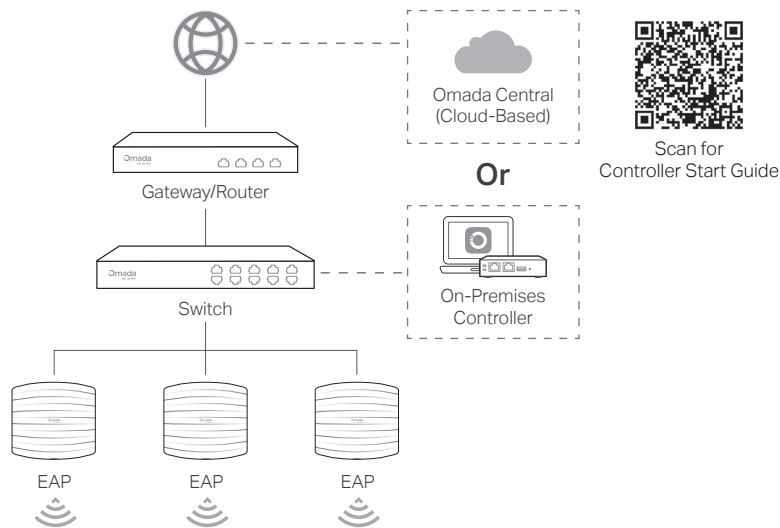

## Option 1: Standalone Mode

Configure and manage each EAP on its standalone page.

## Option 2: Controller Mode

Configure and manage EAPs (and other Omada devices) centrally with an Omada Controller.

## Omada App

With the TP-Link Omada app, you can access and manage your Omada devices at a local site or remotely with a tap of your phone.

## More Configurations

For more configurations, refer to the User Guides of the Omada Controller and Omada Access Points at: <https://support.omadanetworks.com/document/>

### Safety Information

- Keep the device away from water, fire, humidity or hot environments.
- Do not attempt to disassemble, repair, or modify the device. If you need service, please contact us.
- Do not use the device where wireless devices are not allowed.
- Do not use damaged charger or USB cable to charge the device.
- Do not use any other chargers than those recommended.
- Adapter shall be installed near the equipment and shall be easily accessible.
- This EAP can be powered only by the passive PoE adapter or equipment that complies with Power Source Class 2 (PS2) or Limited Power Source (LPS) defined in the standard of IEC 62368-1. (For IN version) This EAP can be powered only by the passive PoE adapter or equipment that complies with Limited Power Source (LPS) of IEC 60950-1.
- Use only power supplies listed in the user instructions. Refer to the User Manual on the product support page.

### For models except EAP115:

- The socket-outlet shall be installed near the equipment and shall be easily accessible.
- The plug on the power supply cord is used as the disconnect device, the socket-outlet shall be easily accessible.
- Plug the adapter into the wall outlets with earthing connection through the power supply cord.

For EAPs with adapters: TP-Link hereby declares that the Access Point is in compliance with the essential requirements and other relevant provisions of directives 2014/53/EU, 2009/125/EC, 2011/65/EU and (EU) 2015/863. The original EU Declaration of Conformity may be found at <https://www.tp-link.com/en/support/ce/>

For EAPs without adapters: TP-Link hereby declares that the Access Point is in compliance with the essential requirements and other relevant provisions of directives 2014/53/EU, 2011/65/EU and (EU) 2015/863. The original EU Declaration of Conformity may be found at <https://www.tp-link.com/en/support/ce/>

TP-Link hereby declares that the Access Point is in compliance with the essential requirements and other relevant provisions of the Radio Equipment Regulations 2017. The original UK Declaration of Conformity may be found at <https://www.tp-link.com/support/ukca/>
