Usage Tips:

- Make sure your power supply matches your camera. The power source should comply with Power Source Class 2 (PS2) or Limited Power Source (LPS) of IEC 62368-1.
- Make sure that the wall is strong enough to withstand 4 times the weight of the camera and mounting bracket.
- If you are uncertain or uncomfortable performing the installation, consult a qualified electrician. It is recommended to install it in a place that children cannot touch.

Safety Information

- Do not use any other power adapters than those recommended.
- Do not use damaged power adapter to charge the device.
