Meet Your Tapo Hub

Tapo is the easy way to turn your home into a smart home. At the center of it all is the Tapo Hub.

With superior ultra-low-power performance, Tapo Hub connects wirelessly with a wide range of Tapo accessories. So you can easily control and monitor your home from anywhere.

Connected to Wi-Fi

2 SYNC Button

Single press
Enter pairing mode;
Silence when ringing.

Press and hold for 5s
Only reset Wi-Fi settings and keep other settings.

Press and hold for 10s
Restore your hub to factory default settings.

1. Download Tapo App

Get the **Tapo** app from the App Store or Google Play, and log in.

OR

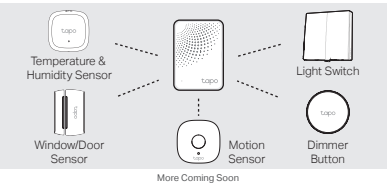

2. Set Up Your Tapo Hub

Tap the ⊕ button in the app and select your model. Follow the in-app instructions to complete setup.

3. Add Tapo Accessories

After the Tapo hub is successfully added, connect your Tapo devices to your hub.

4. (Optional) ✨ Bind to Matter

After adding to Tapo, you can add the hub and its connected devices to other Matter-compatible ecosystems.

1. Update the hub's firmware to the latest version.
2. Go to the device settings page to find the Matter setup code and add to an ecosystem.
