Motion Sensing

Smart Control

Advanced Sensing | Smart Control | Easy Installation | Energy Saving
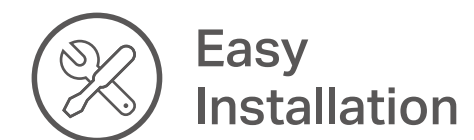

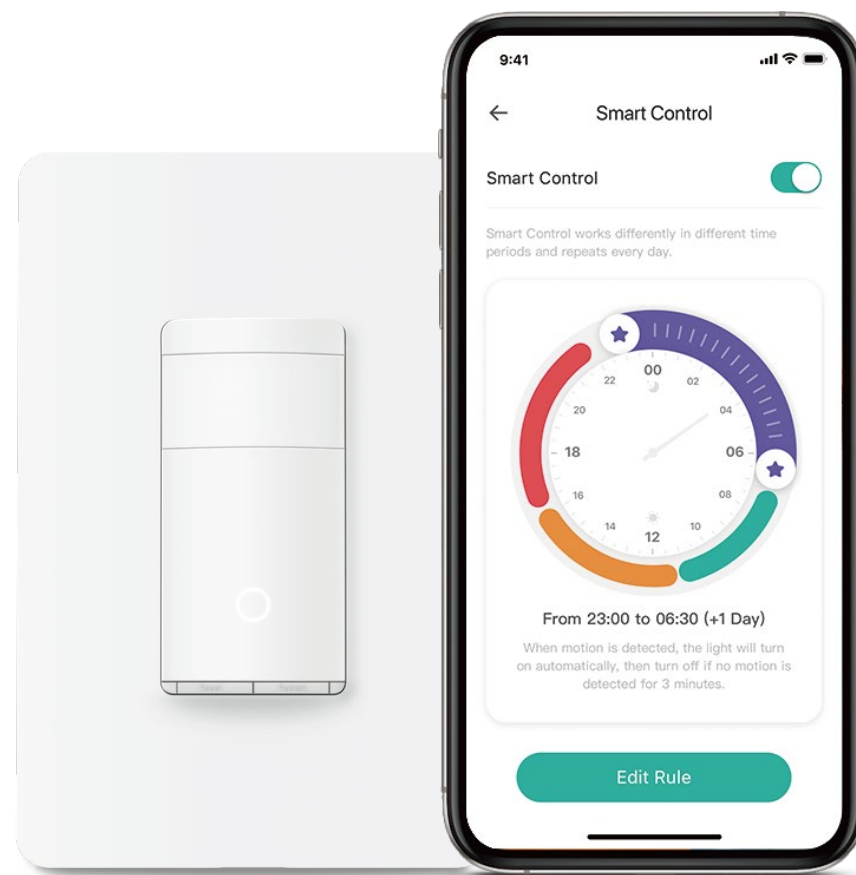

Highlights

Motion and Light Controls

Built-in motion and ambient light sensors work together for true hands-free control. Our smart switch automatically turns your lights on and off for more convenience. Create smart control rules to customize your light settings to follow your routine with the easy-to-use app. Just set it then forget it.

Note: The app screen depicted is for visual reference only and does not necessarily represent actual product operation or app appearance.

Smart Energy Saving

If you enter a room during the day, the built-in ambient light sensor prevents the lights from automatically switching on. When you leave the room, the motion sensor turns off the lights automatically after a set time.

Highlights

Your Voice Has Power

Use simple voice commands to control your smart light switch via Alexa, Google Assistant or SmartThings. Turn on kitchen lights when your hands are full, or turn off hallway lights as you're walking to bed.

"Alexa, turn on kitchen lights."

works with Hey Google

Features

Smart Controls

· **Advanced Sensing** – The equipped sensors detect motion and ambient lighting so your lights only trigger on at night.

· **Smart Control** – Set different light triggers and brightness levels based on your routine for effortless control.

· **Energy Saving** – Turn off the light automatically after you leave the room for a set time.

· **Works with Vocie Assistants** – Use simple voice commands with Alexa, Google Assistant or SmartThings

· **Works with SmartThings** – Control and manage your Kasa devices with SmartThings

Easy to Install

· **Guided Installation** – The detailed in-app guide and unique circuit design make installation simple.

· **No Hub Required** – Easily connect directly to your secured 2.4GHz home Wi-Fi network.

· **Led Indicator** – With an illuminating LED indicator, you'll always be able to find your smart light switch even when it's dark.
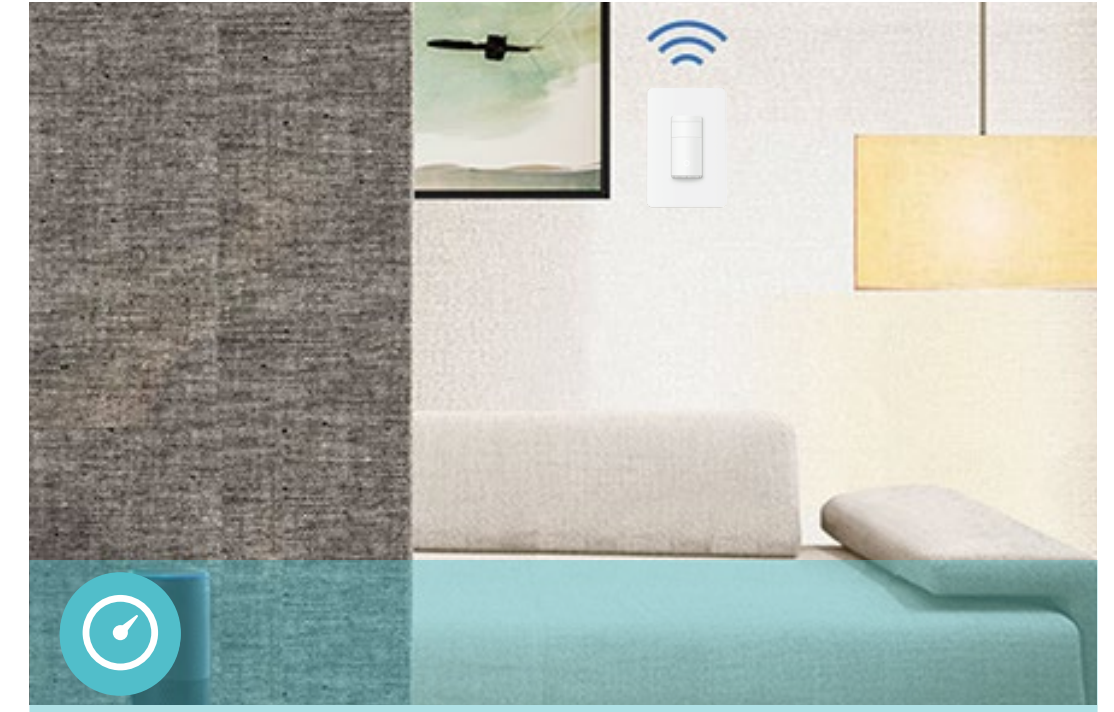

Ease to Use

· **Remote Access** – Control anything connected to your smart light switch, like lights, ceiling fans or other fixtures, from anywhere using the Kasa Smart app.

· **Scheduling** – Set lights to automatically turn on and off throughout the day or night whether you're home or away.

· **Away Mode** – Set your smart light switch to turn connected fixtures on and off at random intervals to give the appearance you're home even while you're away.

· **Group** – Combine Kasa Smart devices for unified control with just a single tap.

Specifications

Electrical

· Input: 120V~ 60Hz

· Output: 600W Incandescent, 1/6 HP Motor

· Power Consumption & Standby Power Consumption: 1.5W

· Motion Detection Range: up to 25 ft away

· Single-Pole switching only (not compatible with 3-way/multi-way switch wiring)

Requirements

· 2.4 GHz Wi-Fi, 802.11b/g/n

· Free Kasa Smart app and account

· Neutral wire in wall box required

· Standard lighting wall box (at least 2 inches deep)

Communication

· Secured home Wi-Fi connection required

· Wi-Fi Protocol: IEEE 802.11b/g/n

· Wi-Fi Frequency: 2.4 GHz Only

General

· Dimensions: 5.06 x 3.33 x 1.82 in (128.65 x 84.65 x 46.11 mm)

· Weight: 0.28 lb (0.125 kg)

· Indoor Use Only

· Buttons: On/Off Switch, Restart, Reset

· Operating Temperature: 0 ℃ ~ 40 ℃ (32°F ~ 104°F)

· Operating Humidity: 10%~90%RH, Non-condensing

· Certifications: FCC, IC, UL, RoHS

Package Contents

· 1× Smart Wi-Fi Light Switch

· 1× Wall Plate

· 4× Wire Nuts

· 1× Quick Start Guide

· 4× Wire Labels
