Control from Anywhere | Compact Design | No Hub Required | Home Automation

Highlights

Energy Monitoring

Monitor connected devices' real-time energy consumption and know which one is most power-hungry. Reduce unnecessary energy loss and lower your electric bills with the schedule and timer.

Note:
1. Energy monitoring is not supporetd in the HomeKit app.
2. The app screen depicted is for visual reference only and does not necessarily represent actual product operation or app appearance.
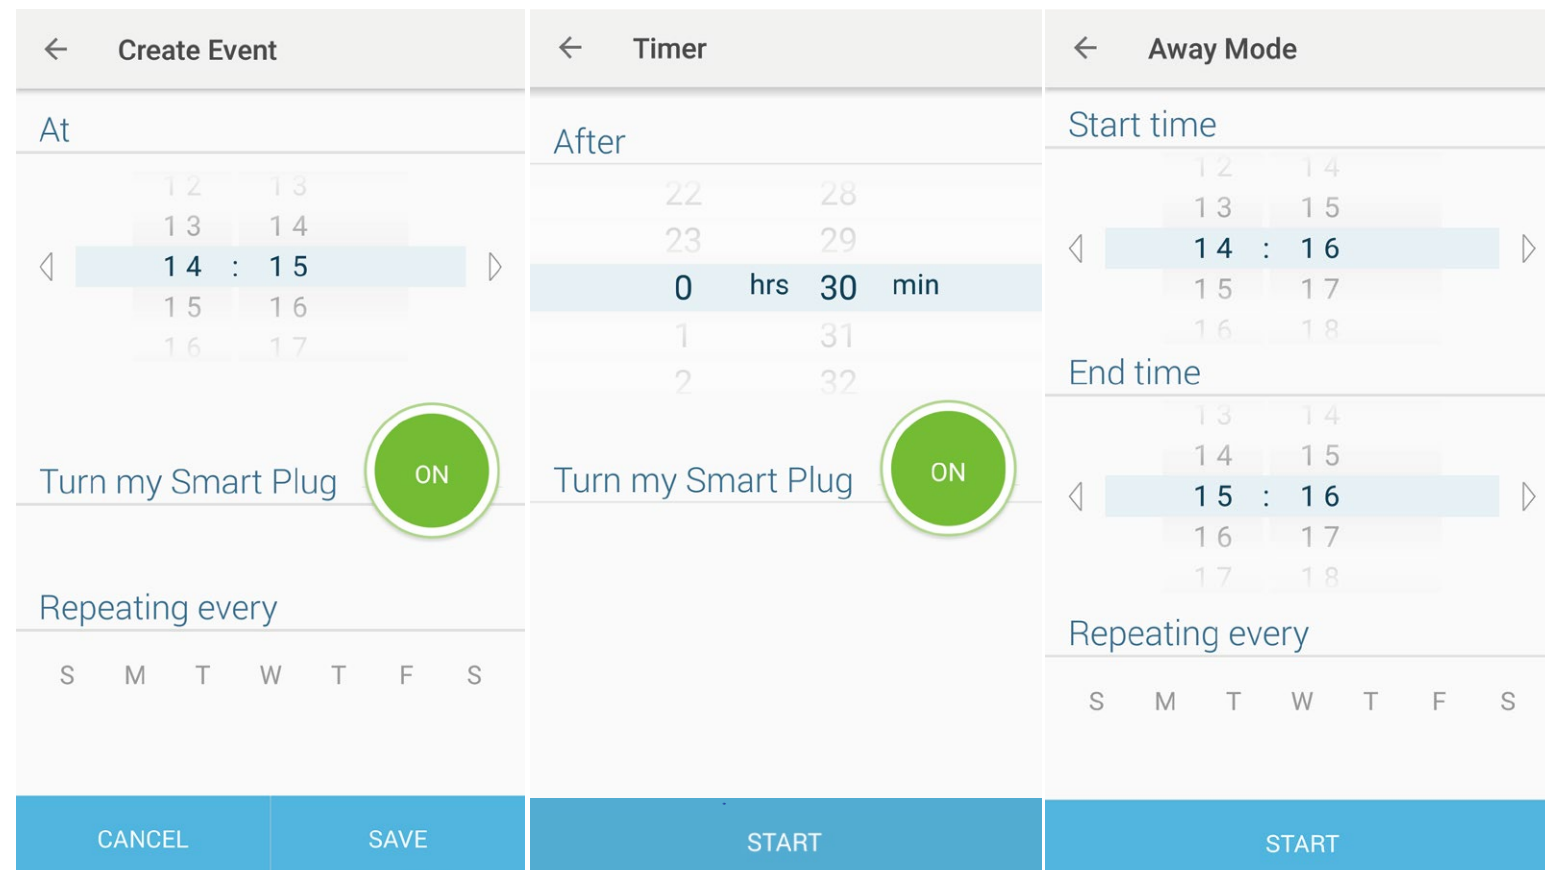

Your Voice Has Power

Use simple voice commands to control your smart plug with any Alexa, Google Assistant, or Siri enabled devices.

Hey Siri®, turn off the light.

Highlights

Scheduling

Turn your connected lamps, small appliances, holiday decorations, and other electrical devices on or off automatically to match your daily routine.

Your Home. One App.

Turn your home into a true smart home with Kasa Smart. Automate your lights and appliances with smart plugs, bulbs, and switches. Secure your home with Kasa cameras. Control it all from the Kasa Smart app.
