Highlights

Control Your Outdoor Devices

Extend your smart home outdoors with the weather-resistant smart outdoor plug. Power on your patio lights, holiday decorations, and more from the convenience of your smartphone.

Note: The app screen depicted is for visual reference only and does not necessarily represent actual product operation or app appearance.

Long-Range Connectivity

With a built-in power amplifier for long-range WiFi, the outdoor plug has a reach of up to 300 ft in open areas, offering you full control over longer distances. The ultimate choice for porches, backyards, basements, and gardens.

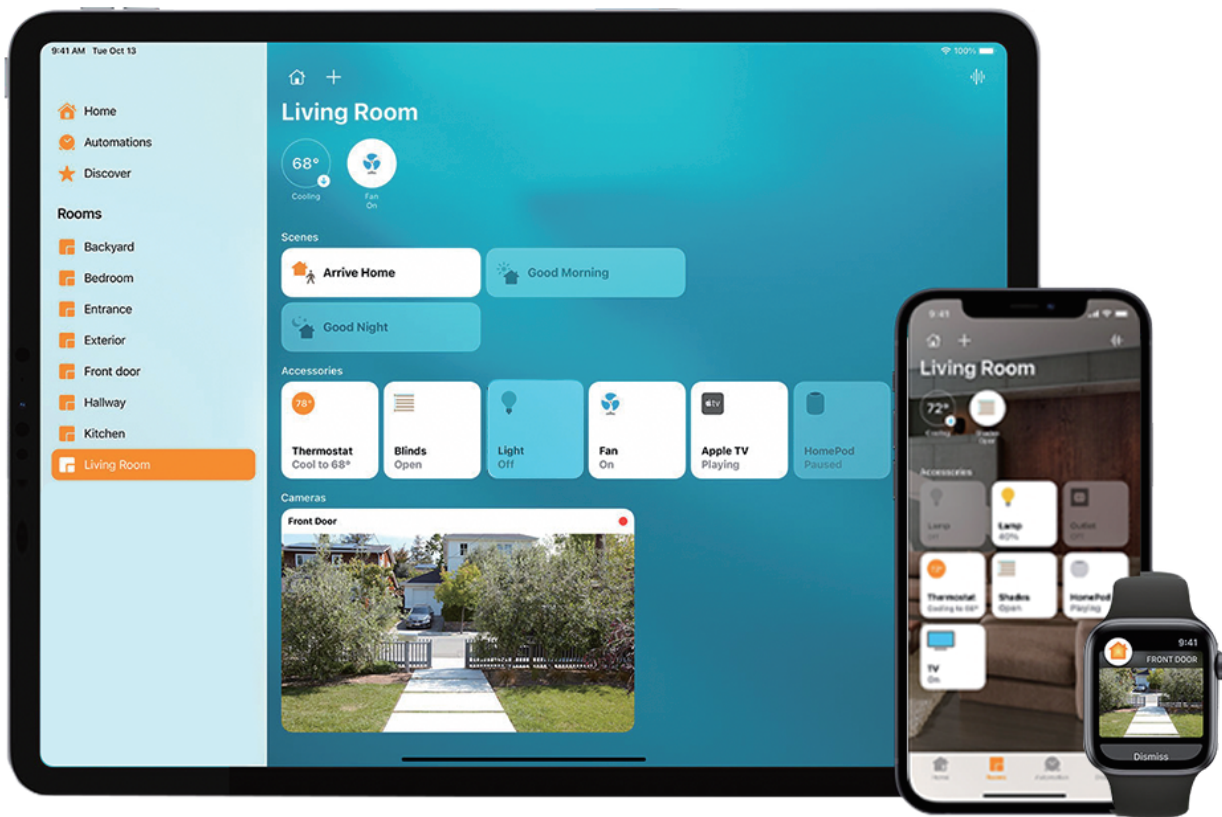

Note: The maximum wireless signal coverage specification is based on performance testing results. Actual wireless coverage will vary as a result of network conditions, and environmental factors, including building materials and wireless interference.

Highlights

Apple HomeKit Supported

Integrate your devices easily into your Apple ecosystem. Control connected devices with the Apple Home app and Siri® on your iPhone, iPad, Apple Watch, HomePod, or Mac.

Made for the Outdoors

EP40A meets the IP64 rating against dust and splashing water from any direction. Cover the socket with the weatherproof cover when not in use.

Features

Double the Outlets

Access and use two outdoor devices from anywhere, together or individually—all with one smart plug.

Voice Control

Use simple voice commands with Siri®, Amazon Alexa, Google Home, or Samsung SmartThings to control your connected devices.

Set Schedules

Individually schedule each device connected to the plug to automatically switch on or off when you're home or away.

No Hub Required

The outdoor smart plug works with a secured 2.4 GHz wireless network without needing a separate hub.

ETL Certified

ETL certification for peace of mind that quality and safety are the standards we strive for.

Control From Anywhere

Use the Kasa Smart app to turn your outlets on/off or set schedules anytime, anywhere.

Device Grouping

Group your Kasa Smart light bulbs, plugs, and switches for seamless control. Ideal for controlling all your devices simultaneously with a single tap.

Easy Setup

Be up and running with your new smart plug in less than 5 minutes! Plug in the weather-resistant plug, follow the setup instructions on the Kasa Smart app, name your plug, and you're good to go!

Specifications
