

Smart Wi-Fi Power Strip

Tapo P300

Surge Protection

18W Fast Charging

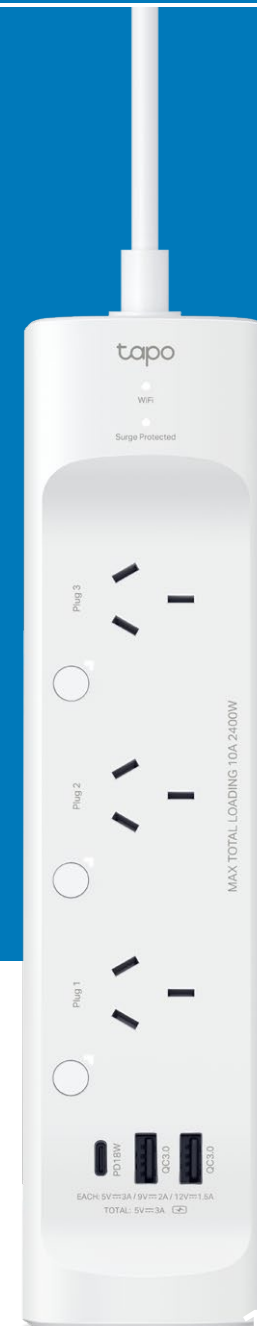

3 x Smart Outlets

2 x USB Type-A

1 x USB Type-C

// Highlights

Individually Control 3 Smart Outlets

All 3 outlets can be controlled separately allowing you to control the exact connected devices according to your needs.

Fast Charging USB Ports

1× USB-C port (PD) and 2× USB-A ports (QC3.0) each deliver up to 18 W of power. Charge your iPhone to 50% in just half an hour.†

USB Single Port: 5V = 3A / 9V = 2A / 12V = 1.5A

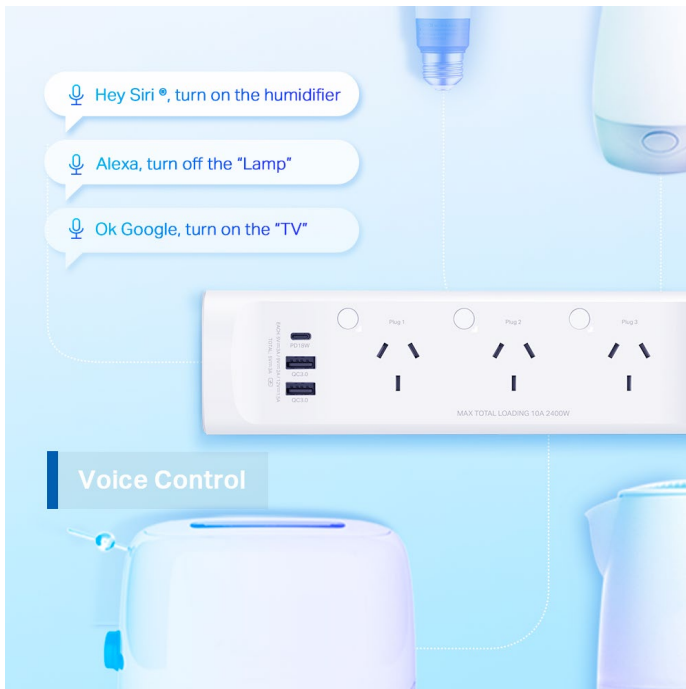

USB Multiple Ports: 5V = 3A (Total)

// Highlights

Free Up Your Hands with Voice Control

Use simple voice commands with Alexa, Siri, or Google Assistant to conveniently control connected devices without leaving your spot.

5-Way Safety Guarantee

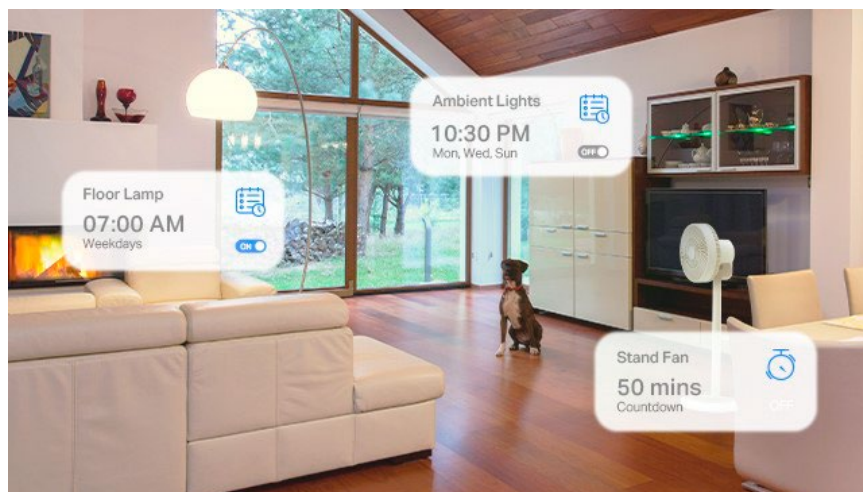

Rigorously lab tested and safe to use. Built-in surge protection, overload protection, overcurrent protection, overheat protection, and V-0 (UL94) flame-retardant material keeps your home safe.

// Highlights

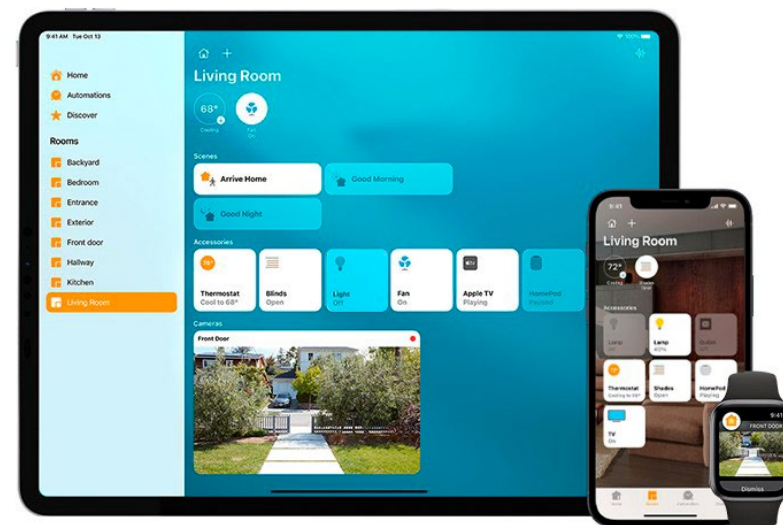

Schedule & Timer

Schedule each AC outlet to turn on/off according to your daily routine for worry-free control and energy-savings.

Embrace Apple Home

Control your home's lights, fan, and more using the Apple Home app and Siri on your iPhone, iPad, Apple Watch, HomePod, or Mac.

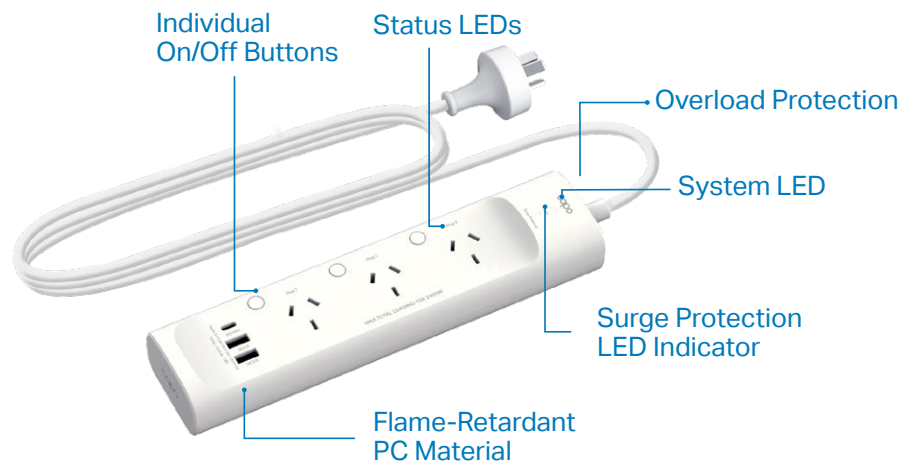

// Features

- **3× Individual Outlets & Individual Outlet Buttons**
 - All 3 outlets can be controlled separately allowing you to control the exact connected devices according to your needs.
- **18W Fast Charge** – 1× USB-C port (PD) and 2× USB-A ports (QC3.0) each deliver up to 18 W of power. Charge your iPhone to 50% in just half an hour.†
- **HomeKit-Enabled** – Set up and control using the Apple Home app directly from your iPhone or iPad.
- **Voice Control** – Manage your smart power strip with voice commands via Siri, Alexa or Google Assistant.
- **Remote Control** – Use simple voice commands with Alexa, Siri, or Google Assistant to conveniently control connected devices without leaving your spot.
- **Schedule** – Preset a schedule to automatically manage devices.
- **Timer** - Create a countdown timer for connected electronics.
- **Overcurrent Protection** - Intelligent circuitry with built-in power sensing to protect against overcurrent.
- **Easy Setup and Use** - No hub required, set up quickly and manage easily through the free app.
- **Device Sharing** - Easily share management permissions with each member of your family.
- **Away Mode** – Automatically turns devices on and off at different times to give the appearance that someone is home.
- **Flame-Retardant*** - PC flame-retardant materials help minimize burning hazards.

// Specifications

General

- LED&Button: Status LED, Smart Outlets Buttons
- Voltage: 230-240 V~, 50/60 Hz
- Max Load[†]: 2,400 W, 10 A
- Size: 260 × 64 × 38 mm (without cord)
- Cord Length: 1.5 m
- Setup: Bluetooth

Wireless

- Wireless Standards: IEEE 802.11b, 802.11g, 802.11n
- Frequency: 2.400-2.4835 GHz
- Signal Rate: 72Mbps at 2.4 GHz
- Transmit Power: <20dBm (EIRP)
- Wireless Function: Wireless Client
- Wireless Security: No Security; WEP; WPA-PSK; WPA2-PSK; WPA3

Others

- Package Contents:
Smart Wi-Fi Power Strip
Quick Start Guide
- Certifications: RCM, SAA
- Operating Temperature: 0 °C–40 °C
- Operating Humidity: 10%–90%RH, Non-condensing

[‡]Voice control is only supported with certain voice assistants.

*Made with V-0 (UL94) flame-retardant material.

[†]When operating at 230 V, the max load power is 2,300 W. The total power of the connected electrical equipment should not exceed the max load current, and the maximum power supported varies based on appliance.

[‡]The charging data comes from TP-Link labs using an iPhone 13 as the test tested device. Actual charging speed may vary depending on smartphone model and working environment.

[§]Requires an Apple Home hub to control the product remotely.

Please do not use in damp environments or outdoors. For more information, please visit: <https://www.tapo.com/>
