Smart Wi-Fi Light Switch

# Single Pole

Tapo S500

Smarten up Home Lighting

Voice Control† | Schedule | Auto-Off Timer
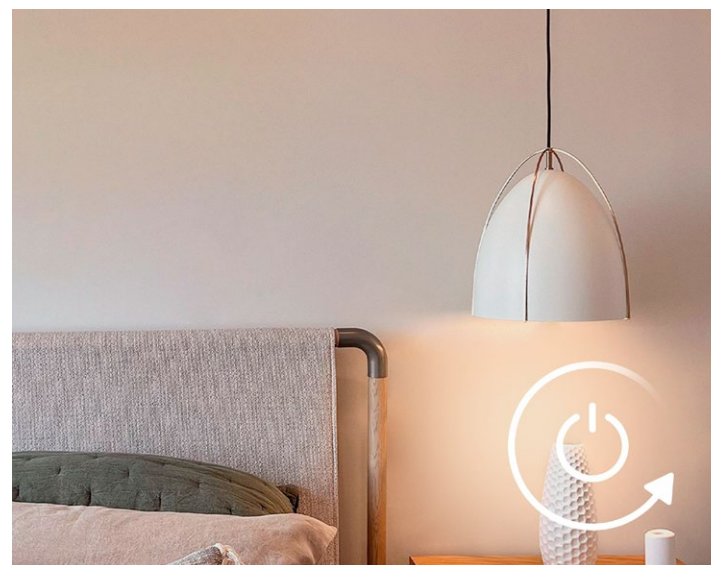

// Highlights

Voice Control[†]

Use simple voice commands with Alexa, or Google Assistant to conveniently control connected devices without leaving your spot.

Auto-Off Timer

Automatically turns off your lights after they are left on for a set time. Ideal for laundry rooms, basements, and other areas you visit infrequently.
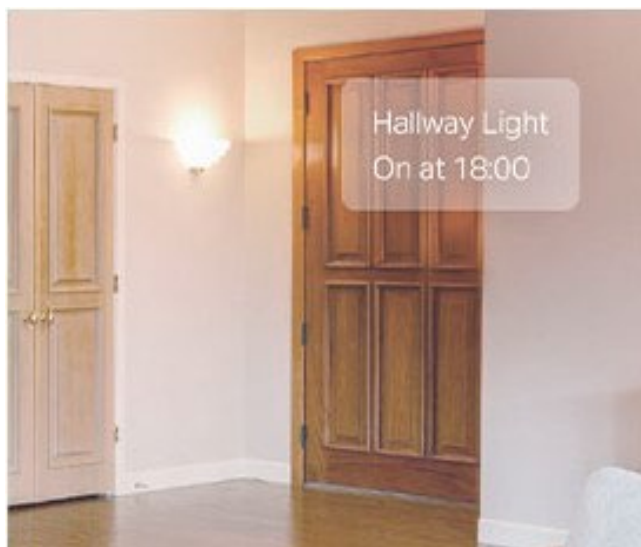

works with alexa

works with Google Home

[†]Voice control is only supported with certain voice assistants.

// Highlights

Schedule

Schedule your lights to turn on/off automatically according to your daily routine and preferences.

Smarter with Tapo Sensors‡

Effortlessly control your lights by setting scenes or schedules triggered by Tapo smart sensors.

Tapo Hub + Tapo Sensor + Tapo S500

Hallway Light
On at 18:00

‡Tapo Smart Sensors are sold separately. When working with smart sensors, the Tapo Hub is required.

// Features

- **Remote Control** – Instantly turn connected devices on/off wherever you are through the Tapo app.

- **Local Control** – Your connected devices at home remain accessible via the Tapo app even when the household goes offline.

- **Set Scenes** – Group your smart switch with other Tapo devices to turn them all on or off with one click or choose a custom preset with scenes.

- **More Versatile with a Tapo Smart Button*** – Pair with a Tapo Smart Button to turn your single-pole switch into a 3-way or even 4-way switch without rewiring.

  *Tapo S500 is a single-pole switch and not compatible with 3-way wiring. Tapo Smart Buttons are sold separately. When working with a Tapo Smart Button, the Tapo Hub is required.

- **Away Mode** – Away Mode will automatically turn your connected devices, like lights, on and off randomly, to make it appear as if you're home.

- **Device Sharing**– Use the Tapo app to easily share management permissions with each member of your family.

- **Easy Installation** - Interchangeable Load and Line terminals guarantee hassle-free installation.

- **Flame-Retardant**** - PC flame-retardant materials help minimize burning hazards.

  **Made with V-0 (UL94) flame-retardant materials.

▰ Specifications
