Schedules & Timer

Matter Certified

Works with **Apple Home**

works with **alexa**

works with **Google Home**

Works with **SmartThings**

Highlights

Insightful Energy Tracking

Track each outlet's energy use with clear and easy-to-understand stats and intuitive charts.

Take Control of Your Energy Bill

Better manage costs with flexible billing options and smart scheduling. Automatically save money by scheduling devices to turn off during inactive hours.
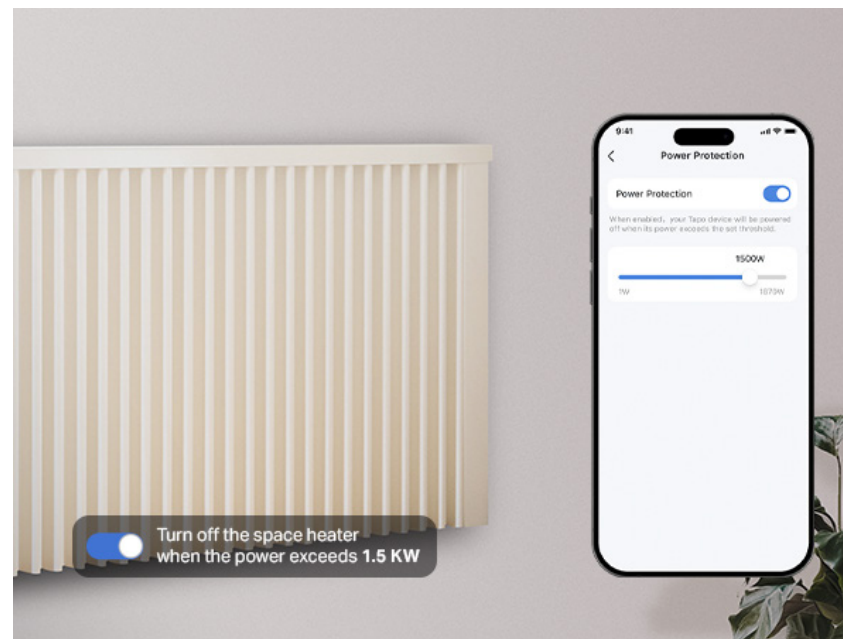

// Highlights

Prevent Overcharging

When devices are fully charged, the outlet will automatically switch off, preventing overcharging and extending the device's battery life.

Power Protection

Your connected device will automatically shut off when the power usage exceeds the set threshold, protecting your household's safety.

// Features

- **6 Smart Outlets** – Independently control 6 smart outlets and charge 3 devices with built-in USB ports. Ideal for controlling electronics in your home, home office, or small business.

- **Anti-Overcharging** – When devices are fully charged, the outlet will automatically switch off, preventing overcharging and extending the device's battery life.

- **Energy Monitoring** – Track the energy consumption of devices connected to the power strip. Check on each one from your Tapo app and turn off the ones that are using too much power.

- **APP & Voice Control** - Control up to 6 AC outlets (individually) through the Tapo App, Apple Home App, or compatible voice assistants.

- **Surge Protection** – ETL-certified surge protection shields sensitive electronics and appliances from sudden power surges that can occur during storms and cause irreparable damage.

- **Control from Anywhere** - Control connected devices from anywhere with the Tapo app. Power up your office remotely and even your holiday lights from the app.

- **Set Schedules** - Schedule each outlet individually or all together to turn on and off at set times throughout the day.

- **Matter Certified** – Integrate Matter-certified Tapo devices with other Matter end products into your preferred ecosystem.

⫽ Specifications

Working Status

· Rating: 125 V~, 60 Hz, 15 A, 1875 W max

· VPR: 1000 V (L-N), Type 3 SPD

· USB: 5 V ⎓ 2.4 A Each & Total

· Grounded 3-prong outlet

Network

· Secured home Wi-Fi connection required

· Protocols: IEEE 802.11b/g/n, Bluetooth

· Wireless Type: 2.4 GHz

General

· Dimensions: 14.2 x 2.5 x 1.5 in. (360 x 63.4 x 38.5 mm)

  without cord

· Indoor Use Only

· Operating Temperature: 32°F ~ 104°F (0 ºC ~ 40 ºC)

· Operating Humidity: 10%~90%RH, Non-condensing

· Certifications: FCC, ETL, RoHS

3 x Always-On USB Ports

6 × Individually Controlled Smart Outlets

Individual On/Off Buttons
