## EAP625-Outdoor HD

AX1800 Indoor/Outdoor Wi-Fi 6 Access Point

### Highlights

- Up to 1.8 Gbps WiFi 6 Speeds: 574 Mbps on 2.4 GHz + 1201 Mbps on 5 GHz.\*
- Supports WiFi 6 technologies, such as 1024-QAM and OFDMA, etc.\*
- High-density connectivity up to 1,000+ clients.\*
- Long-range coverage with the high-power amplifier and 2× detachable antennas.
- Advanced Functions: Centralized management, Omada mesh, and seamless roaming.\*
- PoE+ Powered: Supports 802.3at PoE (adapter not included).

# Product Pictures

# Omada Solution

TP-Link Omada provides one-stop access to high-quality services and high-performance products for small and medium-sized businesses, integrating complete network devices such as access points, switches, and routers. It's ideal for use in offices, hotels, schools, restaurants, and more.

# Specifications

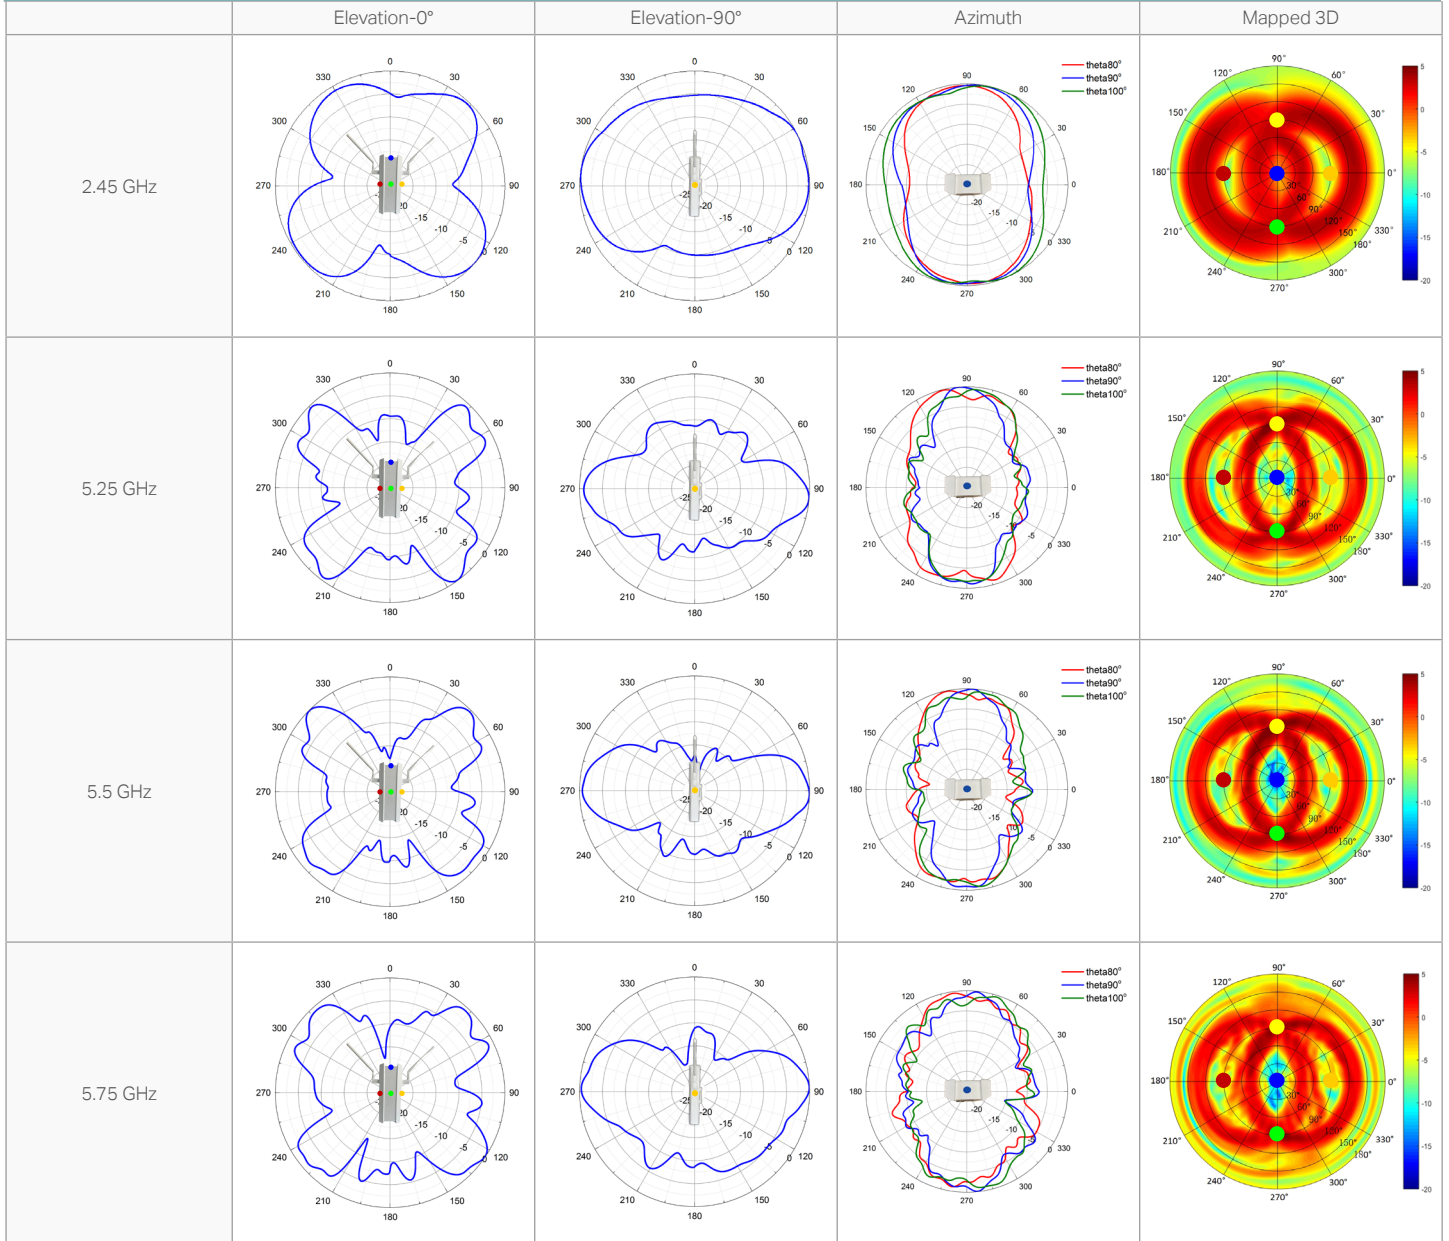

|                        |  |   |
|------------------------|--|---|
| Model                  |  | EAP625-Outdoor  |
| Name                   |  | AX1800 Indoor/Outdoor Wi-Fi 6 Access Point  |
| Main Design            | LAN Interfaces   | 1x Gigabit Ethernet Port  |
|                        | Wi-Fi Standards  | IEEE 802.11a/b/g/n/ac/ax  |
|                        | Maximum Data Rate  | 574 Mbps (2.4 GHz) + 1201 Mbps (5 GHz)  |
|                        | Wireless Client Capacity   | 1000+   |
|                        | Bluetooth  | Supported   |
|                        | Antennas   | 2 External Dual-Band Omni Antennas<br>2.4 GHz: 3.0 dBi; 5 GHz: 5.0 dBi  |
|                        | Transmit Power   | CE: < 20 dBm (2.4 GHz, EIRP), < 23 dBm (5 GHz Band1&2, EIRP), < 30dBm (5 GHz Band3, EIRP);<br>FCC: < 25 dBm (2.4 GHz), < 25 dBm (5 GHz) |
| Reception Sensitivity  | <b>2.4GHz:</b><br>11ax HE20 MCS0:-94.5dBm;11ax HE20 MCS11:-66dBm<br>11ax HE40 MCS0:-92dBm;11ax HE40 MCS11:-63.5dBm<br><b>5GHz:</b><br>11ax HE20 MCS0:-94.5dBm;11ax HE20 MCS11:-64dBm<br>11ax HE40 MCS0:-91dBm;11ax HE40 MCS11:-61dBm<br>11ax HE80 MCS0:-88dBm;11ax HE80 MCS11:-57.5dBm |   |

# Antenna Radiation

EAP625-Outdoor HD

# Disclaimers

\* Maximum wireless transmission rates are the physical rates derived from IEEE Standard 802.11 specifications. Range, coverage, and maximum quantity of connected devices are based on test results under normal usage conditions. Actual wireless data throughput, wireless coverage, and quantity of connected devices are not guaranteed and will vary as a result of 1) environmental factors, including building materials, physical objects, and obstacles; 2) network conditions, including local interference, volume and density of traffic, product location, network complexity, and network overhead; and 3) client limitations, including rated performance, location, connection quality, and client condition.

\* Use of WiFi 6 (802.11ax) and its features, including OFDMA, and 1024-QAM, requires clients to support the corresponding features.

\* The actual capacity depends on the wireless environment and client traffic and is generally less than the maximum number of client connections.

\* Omada Mesh, Seamless Roaming, Cloud Access, and Captive Portal require the use of Omada SDN controllers. Go to Omada Mesh Product List to find all the models supported by Omada mesh technology, and refer to the User Guides for Omada SDN Controllers for configuration methods.

\* Protection against lightning and electro-static discharge may be achieved through proper product setup, grounding and cable shielding. Refer to the instruction manual and consult an IT professional to assist with setting up this product.

\* Actual network speed may be limited by the rate of the product's Ethernet WAN or LAN port, the rate supported by the network cable, Internet service provider factors and other environmental conditions.

\* PoE budget calculations are based on laboratory testing. Actual PoE power budget is not guaranteed and will vary as a result of client limitations and environmental factors.

\* MU-MIMO capability requires client devices that also support MU-MIMO.

Some models featured in this guide may be unavailable in your country or region. Visit TP-Link website for local sales information: <https://www.tp-link.com/>. Specifications are subject to change without notice.
