### Meet Matter

Matter is an industry-unifying connectivity standard that promises seamless communication among IoT devices across smart home platforms.

All-Round Compatibility

No longer limited to a specific smart home platform. Integrate your Tapo Matter device into your preferred ecosystems.

Multi-Admin

Control Tapo Matter devices via multiple platforms at the same time, or through different accounts on a single platform.

Reliable & Secure

Your Tapo Matter devices in your local area network (LAN) are responsive with lower latency and remain accessible even when the household goes offline.

Tapo P110M
Mini Smart Wi-Fi Plug, Energy Monitoring

Tapo L535E
Smart Wi-Fi Light Bulb, Multicolor

More to Expect

TP-Link Tapo is actively broadening the categories of Matter-certified products.

HomeBase	Smart Cameras	Robot Vacuums	And more to come...

eMMC

Enhanced Smart AI Detection

Offers a range of complimentary advanced AI features, including facial recognition and detection of persons, pets, and vehicles. Efficiently filters out irrelevant alerts from non-human and non-vehicle triggers.

Person · Pet · Vehicle · Package

Smart Home Ecosystem Center

Acting as a smart home center, Tapo H500 is capable of connecting up to 16 cameras and 64 sensors to build your own smart home ecosystem. Supporting Matter and ONVIF, Tapo H500 connects seamlessly with various smart devices, reducing the need for multiple hubs.

Paired with Pad to View Everything

Effortlessly keep an eye on multiple camera feeds from various locations with an extra pad, all on one screen. You can watch live video from multiple cameras at the same time, customize your system settings, play back recorded motion events and more. It's never been simpler.

- **Smart Home Center:** Connects up to 16 cameras and 64 sensors to build your own smart home ecosystem.
- **Easy to Use without Wiring:** Connect your smart devices to the HomeBase via Wi-Fi (2.4 GHz & 5 GHz) with no complex wiring needed. Networking via Ethernet is also supported.
- **Matter-Compatible:** Integrate more Matter-certified products into your Tapo smart home ecosystem for seamless collaboration.
- **ONVIF Ensures Compatibility:** Easily add IPCs from Tapo and other brands to establish a powerful and varied network thanks to barrier-free compatibility.

[†]HDD/SSD drive purchased separately. Actual storage capacity depends on the size of the HDD/SSD drive used.
[‡]Calculations based on laboratory testing. Actual performance may vary according to the amount of activity recorded, resolution, and other variables.

2K QHD + HDR

Experience crystal-clear visuals with the perfect combination of 2K QHD resolution and HDR technology.

1080p HD 2 Million Pixels · 2K QHD 4 Million Pixels

Smart AI Detection and Notification

Smart AI identifies people, pets, vehicles, and abnormal sounds, notifying users as needed.

Person Detected

Smart Tracking

Tracks and follows subjects to keep them in the camera's field of view.

120°/s

Physical Privacy Mode

When enabled, maintain your privacy with the lens blocked by the camera's housing.

- **Sound and Light Alarm:** Triggers sound and light effects to frighten away unwanted visitors.
- **Local and Cloud Storage:** Save recorded video to a microSD card[†] (up to 512 GB) or by using Tapo Care[‡] cloud services.
- **Activity Zones:** Set up your customized zones to only receive alerts that matter.
- **Two-Way Audio:** Enables communication through a built-in microphone and speaker.
- **Voice Control:** Works with the Google Assistant and Amazon Alexa for hands-free interaction.
