# Tapo Smart Home Solution

Elevate your smart lifestyle with Tapo. Our Tapo Homebase and Tapo app consolidate smart home control. Free yourself from daily chores with Tapo vacuums. Enhance security using 24/7 Tapo cameras, doorbells, and locks. Ensure comfort and safety with real-time Tapo sensors. Convert appliances into smart devices via Tapo plugs for easy automation. Create the perfect mood with Tapo smart lighting. Experience the magic of a unified smart home where Tapo devices work seamlessly with one another.

# Smart HomeBase

## Smart Home Center

Tapo will launch brand-new Smart HomeBase for centralized management of all smart home devices, enhancing convenience, security, and compatibility. Effortlessly control all smart devices in one HomeBase. Supporting protocols like Matter and ONVIF, HomeBase connects seamlessly with various smart devices, reducing the need for multiple hubs. Plus, it offers extensive, secure local storage for home camera footage, without incurring any monthly fees. Equipped with advanced CPU, it empowers your cameras with pro-level AI functions. Experience smarter, simpler living with this innovative HomeBase.

**Tapo H500**  
Smart HomeBase

# All Smart Devices in One HomeBase

Smart HomeBase

Tapo H500

## Local Storage, No Monthly Fee

Tapo H500 is the perfect local storage solution for multiple cameras. It comes with 16GB eMMC, expandable up to 16 TB via an extra HDD/SDD drive<sup>†</sup>, delivering massive, secure local storage that can hold up to 1,100 days of video.<sup>‡</sup>

## Enhanced Smart AI Detection

Provides multiple free enhanced AI functions such as facial recognition, person & pet & vehicle detection, and more. Effectively filters invalid alerts from non-human and non-vehicle sources.

## Smart Home Ecosystem Center

Acting as a smart home center, Tapo H500 is capable of connecting up to 16 cameras and 64 sensors to build your own smart home ecosystem. Supporting Matter and ONVIF, Tapo H500 connects seamlessly with various smart devices, reducing the need for multiple hubs.

## Paired with Pad to View Everything

Effortlessly keep an eye on multiple camera feeds from various locations with an extra pad, all on one screen. You can watch live video from multiple cameras at the same time, customize your system settings, playback recorded motion events and more, just easier than ever.

<sup>†</sup>HDD/SSD drive purchased separately. Actual storage capacity depends on the size of the HDD/SSD drive used.

<sup>‡</sup>Calculations based on laboratory testing. Actual performance may vary according to the amount of activity recorded, resolution, and other variables.

## Smart HomeBase

Tapo H900\*  
Smart HomeBase

- HD Included 10.1" Ultra HD Screen
- Expandable Local Storage
- Pro-Level AI Detection
- Thread Border Router
- 110dB Adjustable Siren

Tapo H500  
Smart HomeBase

- Expandable Local Storage
- Enhanced AI Detection
- 110dB Adjustable Siren

- Smart Home Center:** Connects up to 16 cameras and 64 sensors to build your own smart home ecosystem.
- Easy to Use without Wiring:** Connect your smart devices to the HomeBase via Wi-Fi (2.4GHz & 5GHz) with no complex wiring needed. Networking via Ethernet is also supported for your choice.
- Matter-Compatible:** Integrate more Matter-certified products into your Tapo smart home ecosystem for seamless collaboration.
- ONVIF Ensures Compatibility:** Easily add IPCs from Tapo and other brands to establish a powerful and varied network thanks to barrier-free compatibility.

Tapo H200  
Smart Hub

- Wi-Fi / Ethernet + Sub-1 GHz
- Up to 4 Cams + 64 Sensors
- 90dB Adjustable Siren
- Local Storage(up to 512 GB)
- Matter-Certified

### ColorPro: Revolutionary Night Vision Technology

Provides professional protection by revealing bright-color images without any spotlights even in ultra-low light conditions. Feel its superiority and experience daylight clarity during pitch-black nights.

**F1.0 Super-Aperture Lens**  
Captures 4 × more the amount of light than F2.0 lens.

**1/1.79" Large Sensor**  
2.7× larger the target surface than 1/3" sensor.

**Image Optimization Algorithms**  
Tapo's advanced high-gain algorithms provide higher clarity, brightness, and saturation.

### Incredible Natural Colors in the Dark

Captures vivid colors even in ultra-low light conditions (as low as 0.05 Lux) resulting in bright and clear images even when it is pitch-black.

### Amazingly Detailed, Even in the Dark

Washed-out or dull images prevent the visibility of finer details. With ColorPro, pictures are much clearer and more natural, providing better clarity.

### No Dark Corners, No Blind Spots

See objects and subjects like never before. ColorPro technology provides superior brightness throughout the entire frame to ensure that nothing, or no one, is missed.

### Extended Vision & Accurate Event Detection

Floodlight and even more advanced Starlight cameras may miss subjects in darker situations. With ColorPro technology, even subjects in the far corners of the frame can be detected.

## Overview of Tapo's Night Vision Features

**ColorPro Night Vision**  
Equipped with F1.0 Super-Aperture lens, 1/1.79" large sensor, and high-gain image optimization algorithms to reveal true-to-life color even in ultra-low light conditions (as low as 0.05 Lux).

**Color Night Vision**  
Equipped with built-in spotlight to capture full-color images in the dark.

**Starlight Color Night Vision**  
Equipped with F1.6 large-aperture lens, starlight sensor, and built-in spotlight to reveal vivid colors even in low light conditions.

**Night Vision**  
Capture clear and detailed images in the dark by using infrared (IR).

Smart Wi-Fi Video Door Lock

Tapo DL130

## 3-in-1 Innovative Design

Integrating a doorbell, a 2K camera with an ultra-wide view, and a door lock into one device, it provides multiple functions such as auto-lock remote control, live view, two-way audio, alarms, and notifications.

## 7 Ways to Unlock

Unlocking the door has never been easier with options like fingerprint, keypad, the Tapo app, RFID, a physical key, and temporary passcodes, or by using voice assistants (Amazon Alexa, Google Home, Apple Home).

## Multiple Security Guarantees

Enhance your security with bank-grade fingerprint recognition algorithms, BHMA-certified durability, scramble passcodes, wrong-try protection, and more.

## Smart Wi-Fi Door Locks

Tapo DL130

Smart Wi-Fi Video Door Lock

- 7 Unlock Methods**  
Unlocking the door has never been easier with options like fingerprint, keypad, the Tapo app, RFID, a physical key, and temporary passcodes, or by using voice assistants (Amazon Alexa, Google Home, Apple Home).
- Built-in Video Doorbell**  
Experience enhanced security with our smart door lock featuring 2K clarity, a wide field of view, and two-way audio support, enabling you to monitor door activity and engage in seamless communication with visitors.
- Swift Fingerprint Recognition**  
Ultra-fast 0.3s identification for quick unlocks in less than 1s.
- Built-in Door Sensor**  
No more worrying about forgetting to close the door. Automatically locks after closing.
- Smart AI Detection**  
Delivering users more precise and relevant alerts through AI detection of people, pets, and vehicles.
- Apple Home Compatible**  
Compatible with Homekit and Home Key for seamless integration.

Tapo DL110

Smart Wi-Fi Door Lock

- 6 Unlock Methods**  
Unlocking the door has never been easier with options like fingerprint, keypad, the Tapo app, a physical key, and temporary passcodes, or by using voice assistants (Amazon Alexa, Google Home.)
- 5-Degree Tilted ID Design**  
Ergonomically designed for easy panel reading and fingerprint recognition.
- Large Array Fingerprint Sensor**  
Swift 0.4s recognition for 1s quick unlocks.
- 10000mAh Rechargeable Battery**  
Local mode battery life of 2 years, Wi-Fi mode battery life of 1 year (based on 10 lock/unlock cycles per day).
- Exclusive TP-Link Antenna Optimization Design**  
Improved directionality and broader coverage for more stable connections.
- Supports Local Mode**  
Enhanced battery life and data privacy through local communication only.

- Auto-Lock:** Supports automatic locking to prevent you from forgetting to lock the door.
- BHMA-Certified:** The reliability of the BHMA Grade 2 certification offers ultra-durable usage.
- Scramble Passcode:** Prevents strangers from peeping and stealing passcodes when you unlock the door through the keypad.
- Wrong-Try Protection:** Experience unmatched security with our advanced smart door lock featuring a built-in protection system that triggers an alert for multiple incorrect passcodes or fingerprint attempts, ensuring your safety and deterring unauthorized access.
- IP65 Weatherproof:** Offers excellent performance even in harsh environments with rain and dust.
- Emergency Unlock:** Unlock your smart door lock using a portable charger via a Type-C port when it's out of power.

Note: Tapo DL130 and Tapo DL110 are deadbolt locks.

\*Pictures shown are for illustration purposes only. Actual product may vary due to product enhancement.

# Robot Vacuums Simplify Your Smart Home

Vacuum smarter. Mop simpler. Tapo Robot Vacuums free you from mundane, thankless chores, giving you more quality time to enjoy life.

## Millimeter-level Anti-Collision for Smarter Cleaning

Robot Vacuum Cleaner + Auto-Empty Dock

Tapo RV30S Plus

### Millimeter-level Obstacle Avoidance

The Tapo Robot Vacuum navigates around common household objects like cables, slippers, and small items. Structured light sensors provide millimeter-level precision to avoid collisions and tangles, enabling faster and smarter cleaning.

### High-Precision Dual Navi System

A LiDAR and Gyro dual navigation system serves as the brain of the Tapo Robot Vacuum and accurately maps out your house in minutes, avoids omissions and repeated cleaning, and even works well in the dark.

### No-Fuss Auto Empty

RV30S Plus empties its dustbin automatically after cleaning to keep your hands free. The dock adjusts empty duration according to the cleaning time length of the robot to reduce noise interference. Furthermore, you can set do-not-disturb mode to only clean at night without auto-empty.

### Mops and Vacuums Simultaneously

Mopping is essential for houses with hard floors, which need regular polishing. RV30S Plus provides a large 300 ml water tank to cover up to 200 m<sup>2</sup> / 2100 ft<sup>2</sup>. Vacuuming and mopping in one trip turns your thankless chore time into me time.

# Start a Powerful and Easier Clean

LiDAR Navigation Robot Vacuum & Mop  
+ Smart Auto-Empty Dock

Tapo RV30 Plus

- 4200Pa Hyper Suction
- Auto-Empty
- LiDAR & Gyro Dual Navi System
- Customizable Cleaning

# MagSlim LiDAR Navigation

- Ultra-Slim
- More Precise
- Covers More
- Longer Lifespan

## LiDAR Navigation Series

Tapo RV30S

Multi-Laser Robot Vacuum & Mop

Tapo RV30S Plus

Multi-Laser Robot Vacuum & Mop + Smart Auto-Empty Dock

- Millimeter-Level Obstacle Avoidance with Structured Light**  
Intelligently detects common household items and avoids collisions and tangles, enabling faster and smarter cleaning.
- 4200Pa Hyper Suction**  
Sweeps away debris sandwiched between gaps and dust hidden in carpets for a deeper, powerful clean.
- Ultrasonic Carpet Inspection**  
Accurately detects various carpets with a high-precision ultrasonic sensor to prevent wetting carpets while vacuuming.
- Vacuum and Mop Combo**  
3-level electronic mopping tackles sticky messes and kitchen grease for a more thorough clean.
- Auto-Empty with 4L Large Dust Bag**  
Automatically empties the dustbin after cleaning to keep your hands free for up to 70 days. (For Tapo RV30S Plus only)

Tapo RV30

LiDAR Navigation Robot Vacuum & Mop

Tapo RV30 Plus

LiDAR Navigation Robot Vacuum & Mop + Smart Auto-Empty Dock

- 4200Pa Hyper Suction**  
Sweeps away debris sandwiched between gaps and dust hidden in carpets for a deeper, powerful clean.
- LiDAR & Gyro Dual Navi System**  
Accurately maps out your house in minutes, avoids omissions and repeated cleaning, and even works well in the dark.
- 5-Hour Continuous Cleaning**  
5000mAh battery for long-lasting, fade-free suction.
- Vacuum and Mop Combo**  
3-level electronic mopping tackles sticky messes and kitchen grease for a more thorough clean.
- Auto-Empty with 4L Large Dust Bag**  
Automatically empties the dustbin after cleaning to keep your hands free for up to 70 days. (For Tapo RV30 Plus only)

- Carpet Auto-Boost:** Increases the suction power when moving from a hard floor to carpet.
- Anti-Drop Protection:** Uses drop-sensing technology to avoid falling down stairs and ledges.
- A Blessing for Allergy Sufferers:** Captures 99.9% of allergens as small as 0.3 microns with a HEPA filtration system.
- Voice & Remote Control:** Simply send voice commands via smart speakers or control via the Tapo app.
- Real-time Voice Reporting:** Keeps you informed about the robot's current status.

## What is MagSlim LiDAR Navigation?

MagSlim LiDAR Navigation adopts the mini-dToF LiDAR sensor and sinks it into the front of a robot vacuum for navigation and mapping. It not only continues with high-precision mapping and navigation but also bypasses the height limitation of traditional LiDAR. This enables the robot to access beneath lower cabinets and beds to clean harder-to-reach areas.

## How Does MagSlim LiDAR Navigation Differ from Others?

### Gyroscope Navigation

Gyroscope sensors detect the motion and rotation of the robots.

- Efficient path planning
- Lower accuracy

### Traditional LiDAR Navigation

LiDAR scans the house with a spinning laser on top of the robot.

- Precise mapping
- Increased product height

### VSLAM Navigation

Obtains more data by simulating human vision for navigation.

- Visual mapping
- Lower accuracy

### MagSlim LiDAR Navigation

Newly designed Mini-dToF LiDAR is sunk into the interior of the robot to map and navigate.

- Precise mapping
- Ultra-Slim

## What MagSlim LiDAR Navigation Offers?

### Ultra-Slim Robot Body

Reduces the robot's height and allows the robot vacuum to enter more hard-to-reach and narrow spaces.

### Over 90% Cleaning Coverage

Combined with self-developed smart path planning algorithm, it reduces repeated cleaning and greatly increases cleaning coverage.

### Quick and Precise Mapping

Serves as the brain of the robot, perceiving and mapping the house faster and more accurately.

### Lower Cost and Longer Lifespan

Adopting the long-lived MagSlim module, the robot has a longer lifespan, reducing maintenance and replacement costs.

# Slim and Flexible, For All-Round Cleaning

MagSlim LiDAR Navigation Robot Vacuum & Mop  
+ Smart Auto-Empty Dock

Tapo RV20 Mop Plus

## Ultra-Slim, Moves Freely Under Furniture

Featuring MagSlim LiDAR Navigation with an integrated Mini-dToF sensor sunk into the body, the robot's height is reduced to 7.8cm. This allows it to navigate easily under furniture, capturing elusive dust and leaving no hiding places for dirt.

## Auto-Empty with 4L Large Dust Bag

The robot empties its dustbin automatically after cleaning to keep your hands free. The dock adjusts empty duration according to the cleaning time length of the robot to reduce noise interference.

Furthermore, you can set the do-not-disturb mode to only clean at night without auto-empty.

## Maps Your Home Quickly and Accurately

MagSlim LiDAR Navigation serves as the brain of the robot. It achieves millimeter-level measurement and has a scanning distance of up to 8 m, enabling faster and more accurate perception and mapping of your house, avoiding omissions and repeated cleaning, and working well in the dark.

## Customized Cleaning Fits Your Routine

Customize cleaning through the Tapo app using multi-floor maps that provide a complete layout of your home. Set personalized room parameters like virtual walls and no-go zones, or opt for selective room and zone cleaning. Schedule automatic cleaning, for example, after meals, for added convenience.

# MagSlim LiDAR Navigation Series

## Tapo RV20 Mop

MagSlim LiDAR Navigation Robot Vacuum & Mop

## Tapo RV20 Mop Plus

MagSlim LiDAR Navigation Robot Vacuum & Mop + Smart Auto-Empty Dock

- Ultra-Slim 7.8cm Robot Body
- Quick and Precise Mapping
- Customizable Cleaning
- 2700Pa Powerful Suction
- Vacuum and Mop Combo
- Auto-Empty with 4L Large Dust Bag\*

\*For Tapo RV20 Mop Plus only.

## 2700Pa Powerful Suction

Combining 2700Pa suction power with dual side brushes, the robot effectively removes debris and dust from carpets and hard floors.

## Vacuum and Mop Combo

3-level electronic mopping tackles sticky messes and kitchen grease for a more thorough clean.

## Tapo RV20

MagSlim LiDAR Navigation Robot Vacuum

## Tapo RV20 Plus

MagSlim LiDAR Navigation Robot Vacuum + Smart Auto-Empty Dock

- Ultra-Slim 7.8cm Robot Body
- Quick and Precise Mapping
- Customizable Cleaning
- 2000Pa Strong Suction
- Auto-Empty with 4L Large Dust Bag\*

\*For Tapo RV20 Plus only.

- Auto-Charging:** Returns to the charging dock automatically when the battery gets low, and then restarts right where it left off.
- Carpet Auto-Boost:** Increases the suction power when moving from a hard floor to carpet.
- Anti-Drop Protection:** Uses drop-sensing technology to avoid falling down stairs and ledges.
- A Blessing for Allergy Sufferers:** Keeps allergens locked up with a HEPA filtration system which captures 99% of particles as small as 0.3 microns.
- Quiet Cleaning:** Triple noise suppression reduces noise levels during use, making it quieter than a running microwave.
- Voice & Remote Control:** Simply send voice commands via smart speakers or control via the Tapo app.
- Real-time Voice Reporting:** Keeps you informed about the robot's current status.
- Simple Control via the Tapo App:** Tailor scheduling and switch clean modes at home or away.

# Keep Track of Your Energy Use

Mini Smart Wi-Fi Plug, Energy Monitoring

Tapo P110M

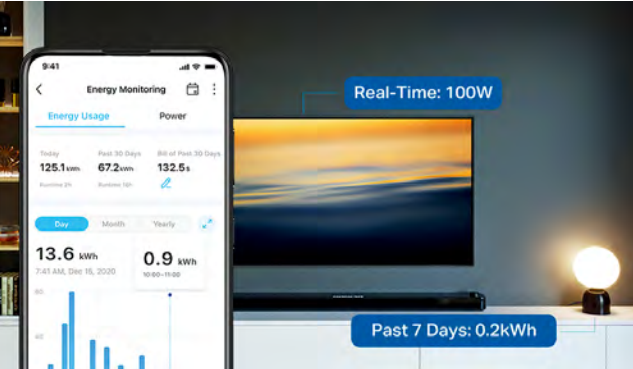

## Matter-Certified

With Matter support, using one app to control all smart devices is no longer a fantasy. Integrate Tapo Matter devices into your favorite ecosystems and work seamlessly with other certified products.

## Insightful Energy Tracking

The smart plug reads data frequently, providing comprehensive insights into home appliances' power consumption with intuitive and straightforward data visualizations.

## Schedule

Turn on/off your connected devices according to your daily routine and preferences.

## Auto-Off Timer

Automatically turns off connected appliances when it is left on for a set time.

## Estimate Your Energy Bill

Set your electricity rate to estimate energy bills. Use Tapo smart plugs to automatically turn on your power-hungry devices during off-peak periods to lower energy bills.

## Voice Control

Use simple voice commands with Siri®, Alexa, or Google Assistant without leaving your spot.

## Remote Control

Instantly turn connected devices on/off wherever you are via the Tapo app

# Smart Plugs

## Mini Smart Wi-Fi Plug

### Voice Control

Works with certain voice assistants for hands-free control without leaving your spot.

### Schedule

Schedule your connected devices to turn on/off according to your daily routine.

### Remote Control

Turn connected devices on/off wherever you are via the Tapo app.

### Auto-Off Timer

Automatically cut off power to connected heaters after a set time, saving energy and reducing fire risks.

Connect All Your Devices

Smart Wi-Fi Outlet Extender

Tapo P306

9-in-1 Smart Outlet

Features 3 independent smart AC outlets, 3 always-on AC outlets, and 3 USB ports. Easily powers up to 9 devices.

Fast-Charging USB Ports

Equipped with 1 USB-C port (PD) and 2 USB-A ports (QC3.0), all delivering up to 18W of power.

Adjustable Stabilizing Post

Mounts to any kind of wall outlet firmly with ease. No need to worry about it falling off.

USB Remote Control

Use the Tapo app to control the smart outlets from anywhere, and the USB ports can also be controlled remotely.

Smart Night Light

Turns on automatically when ambient lighting becomes insufficient with the built-in dusk-to-dawn sensor.

Surge Protection

Built-in surge protection safeguards your electrical appliances from lightning, surges, or spikes.

Smart Power Strips

- **Individually Controlled Outlets**  
Control multiple devices separately with individually controllable outlets.
- **PD & QC 3.0 Fast Charging USB**  
Support PD/QC fast charging, providing fast charging for your phones and tablets at high speed.
- **Wide Spaced Outlets**  
Wide distance between each outlet to avoid blocking the adjacent outlet.
- **Multi-Safety Guarantee**  
Built-in overload protection and overheat protection with V-0 (UL94) flame-retardant material help keep your home safe.

Tapo P306  
Smart Wi-Fi Outlet Extender

- **18W PD & QC 3.0 Fast Charging**  
Supports PD/QC fast charging to meet fast charging needs.
- **1.57" Spaced Outlets**  
Widely spaced design between each outlet provides enough room for larger plugs without blocking each other.
- **Long-Range Wi-Fi Coverage**  
With dual antennas to amplify the signal, Tapo P306 offers users full control over longer distances.
- **Smart Night Light**  
Built-in ambient lighting sensor to automatically turn on/off the night light.
- **Stable Installation**  
Secure it to wall outlets using the included widgets without worrying about wobbling when unplugging devices.
- **Multi-Safety Guarantee**  
Built-in surge protection, overload protection, overheat protection with V-0 (UL94) flame-retardant material help keep your home safe.

Tapo P135 KIT  
Smart Wi-Fi Lamp Dimmer Kit

- **Brightness Control**  
Adjust the brightness of your lamps and set the perfect lighting ambience for any activity.
- **Wireless Button Dimming**  
Use the dimmer button to instantly dim and brighten your lamps from anywhere within your home.
- **Fade On/Off**  
Smoothly illuminate or dim connected lamps with the Fade On/Off feature.
- **Dual Outlets**  
Synchronously control the two connected lamps with ease.

Tapo P400M  
Smart Wi-Fi Outdoor Plug

- **Extend Smart Home Outdoors**  
Power on your patio lights, string lights and holiday decorations and turn them into smart devices.
- **IP65 Weatherproof**  
An IP65 housing and outlet cover protect the plug against intrusion from solids and jets of water.
- **Long-Range Wi-Fi Coverage**  
Dual-antenna design to amplify signal for stable connectivity over longer distances.
- **Two Independent Outlets**  
Enables controlling 2 outdoor devices from anywhere altogether or individually.

- **Voice Control:** Use simple voice commands with certain voice assistants to conveniently control connected devices.
- **Control from Anywhere:** Use the Tapo app to control connected devices without time and location limits.
- **Schedule & Timer:** Schedule your connected devices to turn on/off according to your daily routine and preferences.
- **Away Mode:** Simulates someone being at home by randomly turning on/off connected devices.
- **Family Share:** Not limited to single control. Share management permissions with family members.
- **Flame-Retardant:** Utilizes premium UL94-V0 flame-retardant materials to minimize potential fire risks.
- **Smarter with Sensors\*:** Effortlessly control Tapo devices by setting automation or scenes triggered by Tapo smart sensors.

\*Sensors sold separately. When working with Tapo sensors, the Tapo Hub is required.

# Smart Lighting, Make Every Space Shine

Tapo's Smart Lighting is devoted entirely to delivering vast and varied offerings. Fill your smart home with exuberant lighting.

Smart Wi-Fi Light  
Bulb, Multicolor

**Tapo L630**  
Smart Wi-Fi Spotlight,  
Multicolor

**Tapo L930**  
Smart Wi-Fi Light Strip,  
Multicolor

# Incredibly Bright, Infinite Colors.

Smart Wi-Fi Light Bulb, Multicolor

Tapo L535E

## Extra Bright 1100-Lumen Light

Tapo L535E provides 1100 lumens of crisp, high-quality lighting, which is brighter than most standard 800-lumen smart color bulbs. It can brighten up your daily routine or activities and is ideal for any space in your home that requires brighter lighting.

## Explore Endless Lighting Possibilities

### Millions of Colors

Easily design scenarios with vivid colors for your daily routine or special activities.

### Dimmable

Adjust the brightness from 1% to 100% conveniently with the Tapo app.

### Warm to Cool Whites

Tune your lights to warm white (2500K) for restful sleep in the evening, or cool white (6500K) when you need a morning boost.

### Matter Certified

With Matter support, using one app to control all smart devices is no longer a fantasy. Integrate Tapo L535E into your favorite ecosystems to create a unified smart home.

### Energy Saving

Reduces energy use by up to 87% without losing brightness compared to 75 W incandescent bulbs. Track real-time consumption via the Tapo app.

## Smart Light Bulbs

### Tapo L535 (E26 / E27 / B22)

Smart Wi-Fi Light Bulb, Multicolor

**Multicolor, High Lumen**  
Emits extra bright lighting with low power consumption, and supports Matter, making it stand out from all other Tapo bulbs.

### Tapo L530 (E26 / E27 / B22)

Smart Wi-Fi Light Bulb, Multicolor

**Millions of Colors**  
Easily design scenarios for your daily routine or activities by customizing brightness, light temperature, and colors—with millions of colors to choose from.

### Tapo L520 (E26 / E27)

Smart Wi-Fi Light Bulb, Daylight and Dimmable

**4000K Daylight**  
Meets your daily lightning needs with a 4000K light that can even benefit your kids' learning.

### Tapo L510 (E26 / E27 / B22)

Smart Wi-Fi Light Bulb, Dimmable

**2700K Warm White**  
Its 2700K light offers a cozy glow. Recommended in living rooms, bedrooms, and any other room you want soft lighting.

- **Adjust with Ease:** Manage your lighting at your fingertips to create the perfect atmosphere in your home.
- **Set Your Times:** Create a regular schedule to turn on/off with your customized light effects.
- **Sunrise and Sunset Modes:** Automatically activate your light according to your time zone.
- **No Hub Required:** Connects directly to your home's secure Wi-Fi network. No need for a hub or extra equipment.
- **Voice Control:** Use simple voice commands with certain voice assistants to conveniently control connected devices.
- **Remote Control from Anywhere:** Instantly turn connected devices on/off wherever you are via the Tapo app.
- **Security Support:** Turn on Away Mode to simulate someone being at home.
- **Measure Your Energy Consumption:** Keep an eye on your energy usage with energy monitoring.

Smart Spotlights

Tapo L630  
Smart Wi-Fi Spotlight, Multicolor

Tapo L610  
Smart Wi-Fi Spotlight, Dimmable

- **Millions of Colors**  
Easily design scenarios for your daily routine or activities by customizing brightness, light temperature, and colors—with millions of colors to choose from.
- **2200-6500K Warm to Cool Whites**  
Adjust the color temperature from warm whites at 2200K to cool daylight at 6500K
- **350 Lumens**  
Emits 350 lm brightness that sheds light on any object.
- **1%-100% Dimmable**  
Dim to any brightness you desire for constantly-changing needs.
- **2700K Warm Light**  
Set off a cozy and comfortable vibe for your home or any other space.
- **350 Lumens**  
Emits 350 lm brightness that sheds light on any object.

- **1~100% Dimmable:** Adjust the spotlight's brightness precisely from 1% to 100%.
- **40° Beam Angle:** Add a soft ambience for more natural highlighting.
- **Schedule & Timer:** Personalize your smart home lighting experience through well-managed time controls.
- **Grouping:** Group your Smart Spotlight with other lights and devices for seamless control, ideal for any mood and occasion.
- **Voice & Remote Control:** Simply send voice commands via smart speakers or control via the Tapo app.
- **Energy Saving:** Consumes relatively less power and frees you from high electricity bills.

Smart Spotlight-GU10

Tapo spotlight bulbs capture the beauty of anything on display. This applies to handicrafts, art, product displays, and even close-up partial lighting.

Spark Great Joy From Lighting

Smart Wi-Fi Light Strip, Multicolor

Tapo L930

50 Color Segments for Zonal Control

Unleash your imagination by setting 50 distinct color zones, filling the room with light tailored to your preference.

Extra White LEDs for High-Lumen Illumination

Tapo L930 brings you brighter and cleaner white lighting with its extra high-lumen white LEDs, serving diverse illumination purposes.

Sync to Music

Adds more vibe by emitting dynamic lighting that responds to the beats you're playing aloud.

Embrace Apple HomeKit

Enables control via multiple Apple devices, using simple voice commands. Just ask Siri to control your smart lighting.

Tailor the Length Freely

Cut it to whatever length you want and attach it to any surface with the 3M adhesive.\*

\*Once you cut the Light Strip, the excess parts cannot be used.

Smart Light Strips

Tapo L930  
(5m / 2× 5m)

Smart Wi-Fi Light Strip, Multicolor

Extra 1000 lm / 2000 lm White LEDs

Emits 1000 lm (5m) / 2000 lm (2× 5m) white lighting for various illumination needs.

Durable PU Coating

PU coating covers the entire strip to avoid surface scratches.

Custom Color Zones

Seamlessly blend lighting colors at the same time in a single light strip. The colors flow naturally to create a perfect lighting atmosphere for festivals and parties.

Tapo L920

Custom Color Zones

Seamlessly blend lighting colors at the same time in a single light strip. The colors flow naturally to create a perfect lighting atmosphere for festivals and parties.

Durable PU Coating

PU coating covers the entire strip to avoid surface scratches.

Tapo L900  
(5m / 2× 5m / 4× 5m)

Smart Wi-Fi Light Strip, Multicolor

Multicolor

Easily design scenarios for your daily routine or activities by customizing brightness, light temperature, and colors—with millions of colors to choose from.

- **Cuttable and Easy to Install:** The 5-meter LED light strip can be easily cut to adjust the length. Fit it for the perfect environment, stick it with a 3M adhesive, and place it in the exact spot you desire.\*
- **Adjust with Ease:** Manage your lighting at your fingertips with the Tapo app to create the perfect atmosphere in your home.
- **Set Your Times:** Create a regular schedule to turn on/off with the light effect you set.
- **Sunrise and Sunset Modes:** Automatically activate your light according to your time zone.
- **No Hub Required:** Connect directly to your home's secure Wi-Fi network. No need for a hub or extra equipment.
- **Voice Control:** Use simple voice commands with certain voice assistants to conveniently control connected devices.
- **Remote Control from Anywhere:** Instantly turn connected devices on/off wherever you are via the Tapo app.
- **A Deterrent for Your Home:** Turn on Away Mode to simulate someone being at home.
- **Measure Your Energy Consumption:** Keep an eye on your energy usage with energy monitoring.

\*Note: Once you cut the Light Strip, the excess part cannot be used.

Smart Light Strip

Create your unique indoor vibe, in accordance with your changing moods, to transform your home into the desired scenario.

Customize Lighting Ambience from Anywhere

Smart Wi-Fi Dimmer Switch

Tapo S505D

Smart Wi-Fi Light Switches

Tapo S505

Smart Wi-Fi Light Switch

Auto-Off Timer

Automatically turns off lights after they are left on for a set time.

Easy Installation

No need to distinguish between Load and Line terminals, making it easy to install.

Tapo S505D

Smart Wi-Fi Dimmer Switch

Brightness Control

Adjust the brightness of your lights and set the perfect lighting ambience for any activity.

Fade On/Off

Smoothly illuminate or dim your lights without sudden eye-irritating brightness or darkness.

Automated Lighting Control

Activate your smart light switch when Tapo sensors are triggered (Tapo hub required). No more fumbling in the dark.

Multi-Location Control

Pair with Tapo smart buttons (Tapo hub required) to control your lights from two or more locations without rewiring.

- **Matter-Certified:** Integrate Tapo Matter products into any certified app and platform to work seamlessly with other certified products.
- **Voice Control:** Works with Apple Home, Amazon Alexa, and Google Assistant for hands-free control without leaving your spot.
- **Control from Anywhere:** Instantly turn connected devices on/off wherever you are via the Tapo app.
- **Lighting Schedule:** Automatically turn on/off your smart switches according to your daily routine and preferences.
- **Away Mode:** Simulates someone being at home by randomly turning on/off connected lights.
- **Family Share:** Not limited to single control. Share management permissions with family members.
- **Flame-Retardant:** Utilizes premium UL94-V0 flame-retardant materials to minimize potential fire risks.

\*The Tapo Hub is required when using with smart sensors or smart buttons. Tapo Hub, smart sensors, and smart buttons are sold separately.

## Multi-Bulb Lighting Smart Control

Tapo smart switches make the perfect choice when multi-bulb chandeliers adorn your dining and living rooms. Add smart control to your existing light fixtures.

## No Neutral Wired Required

Easy to install as no neutral wire is required. Designed to fit most common houses without needing to rewire.

## Great Compatibility with No Flickering

With a 1+ year battery life, connected bulbs won't flicker. Compatible with most common types of light bulbs with no minimum load requirement to prevent flickering.

## Enhanced Experience with Smart Actions

Trigger your switch when motion is detected with the Tapo Motion Sensor. Group lights and devices onto one switch to control the entire room with a single tap.

- **Voice Control:** Works with Amazon Alexa and Google Assistant for hands-free control without leaving your spot.
- **Control from Anywhere:** Instantly turn connected devices on/off wherever you are via the Tapo app.
- **Lighting Schedule:** Schedule when your lights turn on to match your daily routine or set a timer for added convenience.
- **Away Mode:** Simulates someone being at home by randomly turning on/off connected lights.
- **Multi-Location Control:** Pair with Tapo smart button to control connected lights from multiple locations.
- **Family Share:** Not limited to single control. Share management permissions with family members.
- **Safe Maintenance:** Allows you to safely replace the batteries by yourself without seeking help from an electrician.
- **Low-Battery Reminder:** Notifies you when the switch is low on power and keeps everything running on optimal performance.

## Control is Always Within Reach

Pair your Tapo smart lights, smart plugs, and other smart devices with a Tapo smart button for simple and handy control.

### Instant Control with One Click

Gain instant local control over your Tapo smart devices without needing to open an app or use voice commands.

### Customizable Functions

Use the Tapo app to program your smart button to trigger up to 4 different actions with single tapping, double tapping, and rotating controls.

### Place Anywhere

Simply place it on a table, mount it to the wall with the provided adhesives, or attach it to any magnetic surface. Powered by a 1+ year battery.

## Smart Actions

Program your favorite smart actions and scenes in the Tapo app based on your personalized needs. Just spark your imagination.

### Smart Lighting Control

Use with Tapo smart bulbs or Tapo light switch to brighten and dim your lights with ease. Pair with Tapo light strips to alter the lighting effect effortlessly.

### Multi-Location Control

Place two or more Tapo smart buttons in different locations, so you can control Tapo smart devices (like lights), from multiple locations.

### A Touch of Security

Emergency help is just a click away. Press the button and the Tapo hub will sound an alarm to notify you if anything unfortunate happens.

# Even Smarter with Sensors

Take your smart home to the next level with Tapo smart sensors. Minimize accidents and worse with the Smart Motion Sensor and Smart Contact Sensor constantly monitoring and guarding your home. Keep your home comfy at all time with the Smart Temperature & Humidity Sensor and Smart Water Leak Sensor. Effortlessly control other Tapo devices by setting automation or scenes triggered by Tapo smart sensors.

# 24/7 Drip & Leak Alerts

Smart Water Leak Sensor

Tapo T300

Tapo Hub  
Required

## Stay Notified of Unusual Conditions

Monitors temperature and humidity changes in any space with great accuracy and sends app notifications to you.

## Keep Your Rooms' Comfort

Automatically turns on/off appliances connected to Tapo smart plugs when the detected temperature or humidity is outside your preset range.

## Around-the-Clock Alerts

Equipped with six high-sensitivity sensors, the Tapo Smart Water Leak Sensor instantly alerts you to water leakage, making it ideal for bathrooms and laundry rooms where water damage is a concern.

## Visible Alarm

Trigger Tapo smart bulbs to switch on when a water leak is detected by Tapo T300. Get a visual alert from your smart bulb before disaster strikes.

## Accurate Monitoring

Set a specific viewpoint<sup>†</sup> for your Tapo camera so that when the Tapo Water Leak Sensor detects a leak, your Tapo camera will turn to monitor that exact area.

## Applicable To Various Occasions

Place the sensor in the bedroom for consistent comfort. Safeguard your valuable instruments, food, and wine from spoilage.

- **High-Accuracy Sensor:** The built-in Swiss-made sensor features a typical accuracy of  $\pm 3\%RH$ ,  $\pm 0.3^{\circ}C$  /  $0.54^{\circ}F$ .
- **Free Data Storage & Export:** Generate summaries of recorded temperature and humidity data that covers the most recent two-year period.
- **Long-Lasting Performance:** 2-year battery life provides long-lasting convenience.\*
- **App Notification Alerts:** Receive instant alerts on your phone whenever levels fall outside preset ranges.
- **Home Automation:** Automatically turns on/off appliances connected to Tapo smart devices, maximizing comfort and saving energy.
- **Flexible Placement:** Tapo T315 with its 2.7-inch E-link display can be placed anywhere, even in bright conditions. Hang Tapo T310 with a lanyard or secure it with adhesive/magnets.
- **Hub Required:** The Tapo Hub is required to support smart features, like remote monitoring, home automation, data export and more.

Note: The Tapo Hub is required to work with third-party platforms. Actual user experience with third-party platforms will vary by time, platform, etc.

\*Battery life is based on TP-Link's laboratory results. Actual battery life may vary.

## 90dB Audible Alarm

With a 90dB built-in siren, Tapo T300 will sound a clear alarm to notify users.

## IP67 Waterproof

Designed with an IP67 housing, ideal for humid and dusty environments.

## 3+ Year Battery Life\*

Two replaceable AAA batteries provide up to 3 years of battery life.

## Instant App Notifications

Receive an instant app notification when a leak happens or the batteries run low.

Note: The Tapo Hub is required to work with third-party platforms. Actual user experience with third-party platforms will vary by time, platform, etc.

<sup>†</sup>This feature is only supported on Tapo Pan & Tilt Security Cameras.

\*Battery life is based on TP-Link's laboratory results. Actual battery life may vary.

Tapo Hub Required

### Window and Door Checks

Stop wondering if you closed all your windows after leaving home. Check on your doors and windows at a glance with the Tapo app.

### Enhanced Protection

When doors and windows are opened unexpectedly, the Tapo camera will trigger alarm to deter intruders.

### Go Beyond Doors & Windows

### Secure Your Home

Receive instant alerts on your phone when a door or window is opened unexpectedly. Trigger the hub to sound an alarm to warn of danger and deter intruders.

### Automated Lighting Control

The smart contact sensor triggers Tapo smart bulbs, plugs, and switches to turn on and light up when you enter the room.

### Guard Your Home

If motion is detected, the hub will sound an alarm. Receive notifications on your phone wherever you are.

### See What's Happening Around

When your Tapo Motion Sensor detects motion, your Tapo camera will activate Patrol mode<sup>\*</sup> and sweep the area to see what's going on.

### Flexible Awareness Zone

Freely rotate the sensor to the ideal angle and adjust the detection zone. The sensor captures motion up to 7 meters away with a 120° field of view.

### Night Light

Turn on your bedside lamp connected to a Tapo plug when motion is detected. No more fumbling in the dark when you wake up at night.

Note: The Tapo Hub is required to work with third-party platforms. Actual user experience with third-party platforms will vary by time, platform, etc.

<sup>\*</sup>This feature is only supported on Tapo Pan & Tilt Security Cameras.

# Works with Tapo

TP-Link Tapo is constantly expanding its smart home ecosystem, offering innovative products and unique solutions for consumers and business partners alike. Committed to user-friendly experiences, Tapo leads in adopting industry-unifying standards and collaborates with top smart home platforms for enhanced compatibility. We're also nurturing an open development ecosystem, partnering with industry leaders to discover new applications and create mutual value. Join us to explore the limitless potential of a connected home with Tapo.

## Smarter Care for Smarter Living

Explore Our Collaboration Opportunities on Our Official Website

-  Cloud Storage Services
-  Video Summary
-  Weekly Report
-  Smart Sort
-  Snapshot Notifications

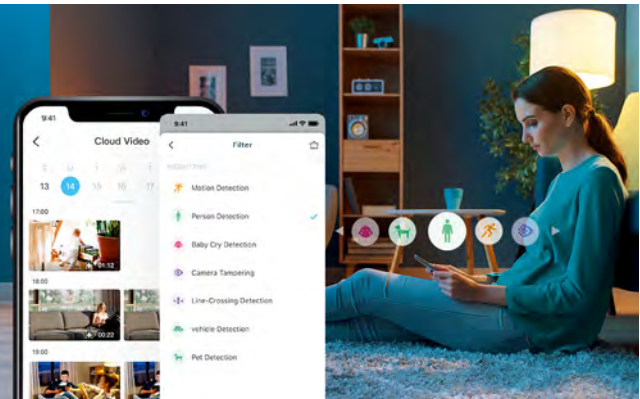

### Unlimited 30-Day Cloud Video History

Recorded video is saved to the cloud for 30 days for you to access at your convenience, regardless of the camera's status (even if the camera is unplugged).

### Smart Sort

Efficiently categorize and retrieve recorded videos based on the tagging you set, saving time and effort in searching through a large video library.

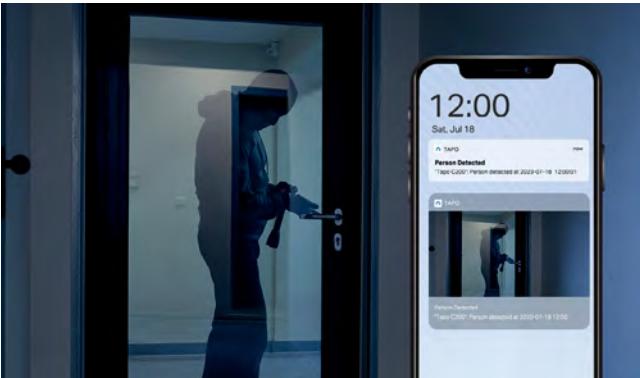

### Weekly Report

Understand your Tapo Care's performance over the week. Receive a detailed breakdown of detections, including person and motion events.

\*When enabled, the camera will send notifications with snapshots when it sees a person or an object. Motion and sound detection do not trigger rich notifications. For more information about Tapo Care, please refer to the Tapo app or [www.tp-link.com](http://www.tp-link.com).

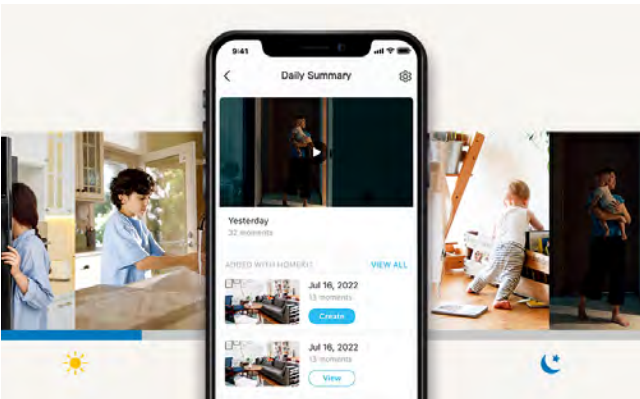

### Snapshot Notifications\*

By leveraging rich notifications, you can receive instant and informative alerts about events captured by Tapo cameras, making it easier to stay informed and take appropriate actions in real time.

### Video Summary

By summarizing the recorded events over a day, get a comprehensive overview of the day's activities at a glance.

# Open API

## Develop the Future of Smart Homes with Tapo

Developed with the Tapo Open API, partners can integrate Tapo products into their IoT ecosystems and create value-added experiences for end-users.

### Built with Tapo

The Tapo Open API enables access to manage and control an account's devices remotely over the cloud or with the provided SDK. This means end users can directly control their Tapo devices on our partners' apps and platforms. This provides maximum flexibility to integrate our products with our partners' offerings.

### Cloud-to-Cloud Solution

By linking a partner's cloud to the TP-Link Cloud, users can access and control Tapo devices registered to the TP-Link Cloud by calling the provided APIs. Currently, our Cloud-to-Cloud Solution supports Tapo smart plugs and lighting. More product categories will be supported soon.\*

### Cloud & Application Integration Solution

Integrate the Tapo's API SDK into a partners' app. Users can directly setup, manage, and control Tapo devices on the app. The current Integration Solution has supported some models of the smart plugs and security cameras, and more models are being expanded.\*

Proactive Reports

Device Control

Proactive Reports

Device Control

### Working with Our APIs, Partners Can:

Set up and control devices with ease

Perform data collection and analysis

Enrich their IoT ecosystems

Provide value-added services to end users

Provide more personalized features for end users

\*More products will be supported in the future. Please visit [www.tp-link.com/open-api/](http://www.tp-link.com/open-api/) to learn more about Tapo Open API and get in touch with us.

## The New Standard for Unified Smart Homes

Matter is a universal connectivity language for IoT devices, apps, and platforms, dedicated to creating a future of compatibility and interoperability.

### All-Round Compatibility

No longer limited to a specific smart home app. Integrate your Tapo Matter device into your preferred ecosystem, such as Amazon Alexa, Apple Home, Google Home, and more.

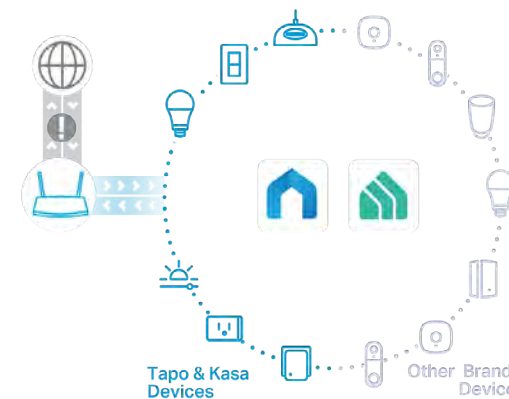

### Share to Family

With the Multi-Admin of the Matter protocol, control your Tapo Matter devices via multiple platforms at the same time, or through different accounts on a single platform.

### Reliable & Secure

Adopting proven encryption algorithms, Tapo Matter devices communicate with other certified devices in the local network (LAN), leading to lower latency and increased security.

### Easy Setup

Matter bridges the gap between ecosystems and standardizes the setup process by scanning the included code with any Matter-compatible app.

Matter is developed by the Connectivity Standards Alliance™. This brand, related logos, and marks are trademarks of the Alliance, all rights reserved.

# Tapo Platform Compatibility

Experience the power of synergy and elevate your smart home to new heights with Tapo's seamless integration with leading smart home platforms. Tapo is constantly pushing boundaries and exploring compatibility possibilities with a growing list of third-party platforms.

## Apple Home

Easily integrate your Tapo products with Apple Home to conveniently manage them using the Apple Home App, or with voice commands by asking Siri.

## Amazon Alexa

Effortlessly manage and monitor your Tapo products with Amazon Alexa. Seamlessly control your Tapo smart home devices through the Alexa app or with simple voice commands.

## Google Home

Compatible with Google Home so that you can view and control your devices with its display or use simple voice commands with Google Assistant to control supported devices.

## Samsung SmartThings

Connect Tapo smart home products to SmartThings and control them in the app, or with Samsung Bixby and other compatible voice assistants.

\*Please refer to [www.tp-link.com](http://www.tp-link.com) for information on third-party compatibility supported by specific models.
